READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Notice of Veto

July 8, 2011

To the Honorable House of Representatives
of the Commonwealth of Pennsylvania:

I am returning, without my approval, House Bill 1696, Printer's No. 2260. I regret having to do so. However, I have concluded that the bill, as it is written, is Constitutionally infirm.

Specifically, Article III, Section 32 of our Constitution states, in pertinent part,

The General Assembly shall pass no local or special law in any case which has been or can be provided for by general law and specifically the General Assembly shall not pass any local or special law.

1. Regulating the affairs of counties, cities, townships, wards, boroughs, or school districts . . .

By limiting a property tax moratorium to counties of the fourth class, with a population between 185,000 and 210,000 as of the 2010 United States Census, the bill has restricted its application to one county—Washington County.

After consulting with legal counsel, including the Office of Attorney General, there is no question in my mind that the bill, as worded, would violate the State Constitution.

Consequently, pursuant to Article IV, Section 15, I am returning House Bill 1696, Printer's No. 2260 with my noted objection.

Governor

(*Editor's Note:* This veto was received in the House of Representatives on July 8, 2011.)

Effective Dates of Statutes

The effective dates specified previously for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the

effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the Pennsylvania Consolidated Statutes provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the *Laws of Pennsylvania* are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services (Department) shall distribute advance sheets of the *Laws of Pennsylvania* to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore-PHMC, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120-0053, accompanied by a check or money order in the sum of \$20, payable to the “Commonwealth of Pennsylvania.”

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 9. APPEALS FROM LOWER COURTS

Rule 901. Scope of Chapter.

This chapter applies to all appeals from a trial court to an appellate court except:

* * * * *

(4) **An appeal which may be taken by petition for review pursuant to Rule 1770, which governs placement in juvenile delinquency matters.**

(5) Automatic review of sentences pursuant to 42 Pa.C.S. § 9711(h) (review of death sentence). See Rule 1941 (review of death sentences).

[(5)] (6) An appeal which may be taken by petition for review pursuant to Rule 3331 (review of special prosecutions or investigations).

CHAPTER 15. JUDICIAL REVIEW OF GOVERNMENTAL DETERMINATIONS

IN GENERAL

Rule 1501. Scope of Chapter.

* * * * *

Official Note: This chapter applies to review of any “determination” of a “government unit” as defined in Rule 102 assuming, of course, that the subject matter of the case is within the jurisdiction of a court subject to these rules (see Subdivision (d) of this rule). A “determination” means “action or inaction by a government unit which action or inaction is subject to judicial review by a court under Section 9 of Article V of the Constitution of Pennsylvania or otherwise. The term includes an order entered by a government unit.” The term “government unit” is all inclusive and means “the Governor and the departments, boards, commissions, officers, authorities and other agencies of the Commonwealth, including the General Assembly and its officers and agencies and any court or other officer or agency of the unified judicial system, and any political subdivision or municipal or other local authority or any officer or agency of any such political subdivision or local authority. The term includes a board of arbitrators whose determination is subject to review under 42 Pa.C.S. § 763(b) (awards of arbitrators).” The term “administrative agency” is not defined in these rules, although the term is used in these rules as a result of its appearance in Section 9 of Article V of the Constitution of Pennsylvania.

Subdivision (a)(4) was added in 2004 to recognize the references in various appellate rules and accompanying notes to petition for review practice. For example, the Notes to Rules 341 and 1311 direct counsel to file a petition for review of a trial court or government agency order refusing to certify an interlocutory order for immediate appeal. Similarly, Rule 1762 directs the filing of a petition for review when a party seeks release on bail before judgment of sentence is rendered[. See], see Rule 1762(b), **and Rule 1770 directs the filing of a petition for review when a juvenile seeks review of placement in a juvenile delinquency matter.** A petition for review is also the proper method by which to seek judicial review pursuant to Rule 3321 (regarding legislative reapportionment commission) and Rule 3331 (regarding special prosecutions or investigations). The 2004 **and 2011** amendments clarify the use of petitions for review in these special situations.

* * * * *

PETITION FOR REVIEW

Rule 1512. Time for Petitioning for Review.

* * * * *

(b) *Special appellate provisions.*—A petition for review of:

* * * * *

(5) A determination governed by Rule 1770 (review of dispositional order for out of home place-

ment in juvenile delinquency matters) shall be filed within ten days of the order sought to be reviewed.

* * * * *

Rule 1516. Other Pleadings Allowed.

(a) *Appellate jurisdiction petitions for review.* No answer or other pleading to an appellate jurisdiction petition for review is authorized, unless the petition for review is filed pursuant to the Notes to Rules 341 or 1311 (seeking review of a trial court or other government unit's refusal to certify an interlocutory order for immediate appeal), Rule 1762 (regarding release in criminal matters), **Rule 1770 (regarding placement in juvenile delinquency matters)**, Rule 3321 (regarding appeals from decisions of the Legislative Reapportionment Commission) or Rule 3331 (regarding review of special prosecutions and investigations). Where an answer is authorized, the time for filing an answer shall be as stated in Rule 123(b).

* * * * *

Official Note: The 2004 and 2011 amendments made clear that, with [**five**] **six** limited exceptions, no answer or other pleading to a petition for review addressed to an appellate court's appellate jurisdiction is proper. With regard to original jurisdiction proceedings, practice is patterned after Rules of Civil Procedure 1017(a) (Pleadings Allowed) and 1026 (Time for Filing, Notice to Plead). The ten additional days in which to file a subsequent pleading are in recognition of the time required for agency coordination where the Commonwealth is a party. See Rule 1762(b)(2) regarding bail applications. **See Rule 1770 regarding placement in juvenile delinquency matters.**

Rule 1517. Applicable Rules of Pleading.

* * * * *

Official Note: See Rule 1762(b)(2) regarding bail applications. **See Rule 1770 regarding placement in juvenile delinquency matters.** See also Rule 3331 regarding Review of Special Prosecutions or Investigations.

Rule 1541. Certification of the Record.

* * * * *

Official Note: Rule 102 defines "government unit" to include "any court or other officer or agency of the unified judicial system." Thus, if the order to be reviewed was filed by a trial court, that court shall certify the record. This occurs when the petition for review was filed pursuant to Rule 1762, **1770**, 3321 or 3331, or the note to Rules 341 or 1311.

* * * * *

Rule 1561. Disposition of Petition for Review.

* * * * *

(d) *Review of detention and placement of a juvenile.*—Except as prescribed by Rule 1762(b)(2), which governs applications relating to bail when no appeal is pending, **by Rule 1770, which governs placement in juvenile delinquency matters**, or by Rule 3331 (review of special prosecutions or investigations), review in the nature of criminal habeas corpus or post conviction relief may not be granted under this chapter.

Official Note: Subdivision (a) is based on 42 Pa.C.S. § 706 (disposition of appeals).

* * * * *

See Rule 1762(b)(2) regarding bail applications. **See Rule 1770 regarding placement in juvenile delinquency matters.**

CHAPTER 17. EFFECT OF APPEALS; SUPERSEDEAS AND STAYS

REVIEW OF DISPOSITIONAL ORDER FOR OUT OF HOME PLACEMENT IN JUVENILE DELINQUENCY MATTERS

(*Editor's Note:* The following rule is new and printed in regular type to enhance readability.)

Rule 1770. Review of Out of Home Placement in Juvenile Delinquency Matters.

(a) *General rule.* If a court under the Juvenile Act, 42 Pa.C.S. § 6301 *et seq.*, enters an order after an adjudication of delinquency of a juvenile pursuant to Rules of Juvenile Court Procedure 409(A)(2) and 515, which places the juvenile in an out of home overnight placement in any agency or institution that shall provide care, treatment, supervision or rehabilitation of the juvenile ("Out of Home Placement"), the juvenile may seek review of that order pursuant to a petition for review under Chapter 15 (judicial review of governmental determinations). The petition shall be filed within ten days of the said order.

(b) *Answer.* Any answer shall be filed within ten day of service of the petition, and no other pleading is authorized. Rule 1517 (applicable rules of pleading) and Rule 1531 (intervention) through 1551 (scope of review) shall not be applicable to a petition for review filed under subsection (a).

(c) *Content.* A petition for review under subdivision (a) shall contain: (i) a specific description of any determinations made by the juvenile court; (ii) the matters complained of; (iii) a concise statement of the reasons the juvenile court abused its discretion in ordering the Out of Home Placement; and (iv) the proposed terms and conditions of an alternative disposition for the juvenile. Any order(s) and opinion(s) relating to the Out of Home Placement and the transcript of the juvenile court's findings shall be attached as appendices. The petition shall be supported by a certificate of counsel to the effect that it is presented in good faith and not for delay.

(d) *Objection to specific agency or institution, or underlying adjudication, not permitted.*

(1) A petition for review under subdivision (a) shall not challenge the specific agency or specific institution that is the site of the Out of Home Placement and instead shall be limited to the Out of Home Placement itself.

(2) A petition for review under subdivision (a) shall not challenge the underlying adjudication of delinquency.

(e) *Service.* A copy of the petition for review and any answer thereto shall be served on the judge of the juvenile court. All parties in the juvenile court shall be served in accordance with Rule 121(b) (service of all papers required). The Attorney General of Pennsylvania need not be served in accordance with Rule 1514(c) (service), unless the Attorney General is a party in the juvenile court.

(f) *Opinion of juvenile court.* Upon receipt of a copy of a petition for review under subdivision (a), if the judge who made the disposition of the Out of Home Placement did not state the reasons for such placement on the record at the time of disposition pursuant to Rule of Juvenile Court Procedure 512(D), the judge shall file of record a brief statement of the reasons for the determination or where in the record such reasons may be found, within five days of service of the petition for review.

(g) *Non-waiver of objection to placement.* Where the juvenile declines to seek review under this rule of the Out of Home Placement that shall not constitute a waiver of the juvenile's right to seek review of the placement in a notice of appeal filed by the juvenile from a disposition after an adjudication of delinquency.

Official Note: This Rule provides a mechanism for the expedited review of an order of Out of Home Placement entered pursuant to Rule of Juvenile Court Procedure 515. This expedited review is the same expedited review available in Rule 1762 from an order under 42 Pa.C.S. § 6322 granting or denying a juvenile's motion to transfer from a criminal proceeding to a juvenile proceeding, or an order under 42 Pa.C.S. § 6355 granting or denying the Commonwealth's motion to transfer from a juvenile proceeding to a criminal proceeding. *See* 42 Pa.C.S. § 6322(c) ("Expedited Review of Transfer Orders"). Rule of Juvenile Court Procedure 512(D) requires the juvenile court judge to place the reasons for an Out of Home Placement on the record at the time of the disposition. The Juvenile Act, 42 Pa.C.S. § 6352, sets forth the considerations for a dispositional order following an adjudication of delinquency and the alternatives for disposition. The standard for review of a dispositional order is an abuse of discretion. *See In the Interest of A.D.*, 771 A. 2d 45 (Pa. Super. 2001) (en banc).

EXPLANATORY COMMENT

The Interbranch Commission on Juvenile Justice was created in 2009 by an act of the General Assembly with the support of the Governor and the Supreme Court. Its purpose was to investigate circumstances that led to corruption in the juvenile court of Luzerne County resulting in federal criminal charges against two judges; to restore public confidence in the administration of justice, and to prevent similar events from occurring there or elsewhere in the Commonwealth.

The Interbranch Commission issued its Final Report on May 31, 2010. The Interbranch Commission made certain recommendations regarding appellate rights and appellate review, which are found at pp. 55-56 of the Commission's Final Report. The Recommendation of the Appellate Court Procedural Rules Committee is the Committee's response to those Recommendations.

The Recommendation proposes amendments to Pa.R.A.P. 901, 1501, 1512, 1516, 1517, 1541, 1561 and a new Rule, Pa.R.A.P. 1770 ("Review of Out of Home Placements in Juvenile Matters"). New Rule 1770 provides a mechanism for the expedited review of an order of out of home placement entered pursuant to the Rules of Juvenile Court Procedure. In juvenile matters, out of home placements can evade effective appellate review, especially when the placement is shorter than the time period to process an ordinary appeal. The Interbranch Commission has recommended an expedited appeal procedure for out of home placements. Proposed new Rule 1770 would permit the juvenile to use a petition for review as the procedural vehicle for limited expedited appellate review of the out of home placement only. The amendments to existing rules are proposed to conform those rules to new Rule 1770.

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CH. 10]

Amendment of Rule 1002 of the Rules of Criminal Procedure; No. 396 Criminal Procedural Rules Doc.

Amended Order

(Editor's Note: This order amends the order published at 41 Pa.B. 216 (January 8, 2011). A paragraph in the Comment of the rule adopted by the Supreme Court and deposited with the Legislative Reference Bureau was inadvertently omitted. The paragraph was included in the version of the Comment printed with the order published at 41 Pa.B. 216 and codified in the *Pennsylvania Code Reporter* (Master Transmittal Sheet No. 436).)

Per Curiam

And Now, this 22nd day of December, 2010 the proposal having been made without publication pursuant to Pa.R.J.A. No. 103(a)(3) in the interests of justice and efficient administration:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 1002 of the Pennsylvania Rules of Criminal Procedure is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective February 20, 2011.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE CHAPTER 10. RULES OF CRIMINAL PROCEDURE FOR THE PHILADELPHIA MUNICIPAL COURT AND THE PHILADELPHIA TRAFFIC COURT

PART A. Philadelphia Municipal Court Procedures

Rule 1002. Procedure in Summary Cases.

(A) Except as provided in this rule or by local rule authorized by this rule, or elsewhere in Chapter 10, all criminal proceedings in which a person is accused only of one or more non-traffic summary offenses or violations of municipal criminal ordinances shall proceed as provided in Chapter 4 of the Rules of Criminal Procedure.

(B) Non-traffic summary proceedings shall be instituted either by a citation issued to the defendant or arresting without a warrant when arrest is specifically authorized by law.

(1) Issuance of Citation

(a) The law enforcement officer shall issue the citation to the defendant pursuant to Rule 405 (Issuance of Citation), together with a notice to appear, unless required to proceed pursuant to paragraph (B)(1)(e). The notice to appear shall:

(i) direct the defendant to appear before a judge or trial commissioner on a date and at a time certain in a specified court room, and

(ii) **shall advise the defendant that failure to appear shall constitute consent to a trial in the defendant's absence, and if the defendant is found guilty, the defendant shall have the right to appeal within 30 days for a trial *de novo*.**

(b) When authorized by local rule promulgated pursuant to Rule 105 (Local Rules), the law enforcement officer may prepare, verify, and transmit a citation electronically.

The law enforcement officer contemporaneously shall give the defendant a paper copy of the citation containing all the information required by Rule 403(A) (Contents of Citation) and a notice to appear. The notice to appear shall:

(i) direct the defendant to appear before a judge or trial commissioner on a date and at a time certain in a specified court room, **and**

(ii) **shall advise the defendant that failure to appear shall constitute consent to a trial in the defendant's absence, and if the defendant is found guilty, the defendant shall have the right to appeal within 30 days for a trial *de novo*.**

(c) Within 5 days after issuance of the citation and notice to appear, the citation shall be filed with the clerk of Municipal Court.

(d) When the defendant appears before the judge or trial commissioner as provided in paragraph (B)(1)(a) or (B)(1)(b), the judge or trial commissioner shall explain the process to the defendant.

(i) If the defendant enters a guilty plea, the judge or trial commissioner shall impose the fines and costs.

(ii) If the defendant enters a not guilty plea, the judge or trial commissioner shall set a date for trial before a judge and issue a subpoena to the defendant. **The judge or trial commissioner shall advise the defendant that failure to appear at the trial shall constitute consent to a trial in the defendant's absence, and if the defendant is found guilty, the defendant shall have the right to appeal within 30 days for a trial *de novo*.**

(iii) If applicable, after paying any fee imposed, the defendant may be accepted into the Municipal Court's summary case diversionary program, or any other diversionary program offered pursuant to local rule promulgated pursuant to Rule 105 (Local Rules). When the defendant successfully completes the Municipal Court's summary case diversionary program, the defendant's arrest record automatically will be expunged.

(e) When required by local rule promulgated pursuant to Rule 105 (Local Rules), the law enforcement officer shall take the defendant into custody and transport him or her to the appropriate district police station, where, without unnecessary delay, the law enforcement officer or a superior officer shall prepare and issue the citation to the defendant. Thereafter, the law enforcement officer without unnecessary delay shall transport the defendant to the Municipal Court for proceedings before a judge, and the case shall proceed as provided by local rule promulgated pursuant to Rule 105 (Local Rules).

(f) The defendant shall not be slated, fingerprinted, or photographed, except as provided by law.

(2) Arrest Without a Warrant

(a) When an arrest without a warrant in a non-traffic summary case is authorized by law, the police officer shall take the defendant into custody and transport him or her to the appropriate district police station, where, without unnecessary delay, the police officer or a superior officer shall prepare and issue a citation to the defendant.

(b) Except when the police officer is required to proceed pursuant to paragraph (B)(1)(e), or as otherwise provided in this rule, the case shall proceed as provided in Rule 441.

(c) If the defendant is to be released pursuant to Rule 441(B), the defendant shall be released on his or her own recognizance and given a notice to appear on a date and at a time certain in a specified court room. **The notice to**

appear shall advise the defendant that failure to appear shall constitute consent to a trial in the defendant's absence, and if the defendant is found guilty, the defendant shall have the right to appeal within 30 days for a trial *de novo*.

(d) If the defendant is not released under Rule 441(B), the defendant without unnecessary delay shall be brought before a judge, who shall proceed as provided in Rule 441(C).

(C) If the defendant fails to appear pursuant to the notice to appear issued as required by paragraphs (B)(1)(a), (B)(1)(b) or (B)(2)(c), or a subpoena[; a bench warrant shall be issued] issued as required by paragraph (B)(1)(d)(ii), the case shall proceed as provided in paragraph (D).

(D) If the defendant fails to appear as required in (C), the trial shall be conducted in the defendant's absence, unless the judge determines that there is a likelihood that the sentence will be imprisonment or that there is other good cause not to conduct the trial in the defendant's absence. If the trial is not conducted in the defendant's absence, the judge shall issue a bench warrant for the defendant's arrest.

(1) At trial, the judge shall proceed to determine the facts and render a verdict in the same manner as trials in criminal cases are conducted in the Common Pleas Court when a jury trial has been waived; however, the law enforcement officer observing the defendant's alleged offense may, but shall not be required to, appear and testify against the defendant. In no event shall the failure of the law enforcement officer to appear, by itself, be a basis for dismissal of the charges against the defendant. The allegations in the citation may be recited on behalf of the observing law enforcement officer by his or her representative or designee. The failure of the defendant to appear will be deemed to be a waiver of the right to present defense witnesses.

(2) If the defendant is found guilty, the judge shall impose sentence, and shall give notice by first class mail to the defendant of the conviction and sentence, of the right to file an appeal within 30 days for a trial *de novo*, and of the consequences for failing to pay the costs and fines imposed.

(3) In appeals from the summary conviction, the law enforcement officer who observed the alleged offense must appear and testify. The failure of a law enforcement officer to appear and testify shall result in the dismissal of the charges unless:

(a) the defendant waives the presence of the law enforcement officer in open court on the record;

(b) the defendant waives the presence of the law enforcement officer by filing a written waiver signed by the defendant and defense counsel, or the defendant if proceeding *pro se*, with the clerk of courts; or

(c) the trial judge determines that good cause exists for the law enforcement officer's unavailability and grants a continuance.

[(D)] (E) When the same conduct is proscribed under an Act of Assembly and a municipal criminal ordinance, the charge shall be brought under the Act of Assembly and not under the ordinance.

Comment

This rule, which replaced former Rule 1002 in 2005, was developed to accommodate the procedures Philadel-

phia Municipal Court has implemented to address the issues in non-traffic summary cases unique to Philadelphia to more efficiently handle the vast number of non-traffic summary cases, to protect the defendants' rights to a fair and prompt disposition of their cases, and, when appropriate, to provide the necessary rehabilitation or social services. Municipal Court is required to implement local rules pursuant to Rule 105 (Local Rules) enumerating the details of the summary proceedings following the issuance of a citation or a summons. For purposes of this rule, "local rule" includes all memoranda of understanding and administrative orders that affect non-traffic summary case procedures.

Once a summary case is appealed to the Court of Common Pleas for trial *de novo*, the case shall remain in the Court of Common Pleas. *See also* Rule 462 and its Comment.

The 2009 amendments to paragraph (B) conform the non-traffic summary citation procedures in Philadelphia with the statewide procedures governing the institution of a non-traffic summary case by issuing a citation to the defendant in person or arresting the defendant without a warrant. *See* Rules 405 (Issuance of Citation) and 440 (Arrest Without Warrant). The amendments require the police officer to issue a citation as provided in Rule 405 and proceed pursuant to paragraph (B)(1)(a) or (B)(1)(b), unless the case falls within the jurisdiction of one of Philadelphia Municipal Court's Nuisance Night Courts or Community Courts, or to arrest without a warrant when such an arrest is authorized by law.

The contents of the citation must comply with the requirements of Rule 403(A). The notice to appear required by paragraphs (B)(1)(a), (B)(1)(b), and (B)(2)(c) may be added to the citation form.

Nothing in this rule is intended to permit the admission of double hearsay.

Arrests without a warrant in summary cases are authorized only in exceptional circumstances, such as cases involving enhanced penalties, or when the defendant fails to produce identification, or when there is violence or the imminent threat of violence, or when there is a likelihood that the defendant will flee.

Nothing in this rule prevents the filing of a citation pursuant to Rules 410 and 411.

The 2009 amendments do not modify the current procedures governing Philadelphia Municipal Court's Nuisance Night Courts and Community Courts that are implemented by paragraph (B)(1)(e).

Although defendants in summary cases ordinarily are not slated, photographed, or fingerprinted, the issuing authority should require the defendant to submit to administrative processing and identification procedures (such as fingerprinting) as authorized by law. *See, e.g.*, 18 Pa.C.S. § 3929(g) concerning fingerprinting in retail theft cases.

The 2010 amendments added new paragraph (D) and related changes to clarify that summary trials in Philadelphia courts may be conducted in the defendant's absence, conforming Philadelphia practice with the statewide procedures governing trials in the defendant's absence. Compare Rules 454, 455 and 462.

Nothing in paragraph (D) requires that the trial in absentia be conducted immediately.

All summary offenses under the motor vehicle laws and parking violations are under the jurisdiction of the Philadelphia Traffic Court. *See* 42 Pa.C.S. §§ 1301—1303, 1321.

Official Note: Rule 6002 adopted June 28, 1974, effective July 1, 1974; amended July 1, 1980, effective August 1, 1980; Comment revised January 28, 1983, effective July 1, 1983; amended July 12, 1985, effective January 1, 1986; January 1, 1986 effective date extended to July 1, 1986; amended February 1, 1989, effective July 1, 1989; amended August 9, 1994, effective January 1, 1995; renumbered Rule 1002 and amended March 1, 2000, effective April 1, 2001. Rule 1002 rescinded August 15, 2005, effective February 1, 2006, and replaced by new Rule 1002; amended May 12, 2009, effective February 1, 2010; Comment revised February 12, 2010, effective April 1, 2010; **amended December 22, 2010, effective February 20, 2011.**

This Order shall become effective 30 days after publication in the *Pennsylvania Bulletin*.

By the Court

JOSEPH C. MADENSPACHER,
President Judge

Rule 531. Qualifications of Surety.

A. Approved Bondsman List

1. The Clerk of Courts shall compile, maintain, and make available for public inspection a list of approved bondsmen (professional or fidelity/surety agent), hereinafter referred to as the "Approved Bondsman List", qualified to act as bail sureties in Lancaster County.

2. A bondsman (professional or fidelity/surety agent) is not permitted to act as a bail surety in Lancaster County unless he/she appears on the Approved Bondsman List on the date the bond is signed.

3. The Clerk of Courts shall promptly notify the District Attorney's Office, Solicitor's Office, Prison Warden, Bail Administration, the Office of the Prothonotary, and Court Administration of the addition or removal of any bondsman to the Approved Bondsman List.

B. Professional Bondsman

A professional bondsman shall not be included on the Approved Bondsman List unless he/she:

1. Provides the Clerk of Courts with a currently valid registration and license from the Commonwealth of Pennsylvania, Department of Insurance pursuant to 42 Pa.C.S.A. § 5742;

2. Provides the Clerk of Courts with proof that he/she maintains an office within Lancaster County, Pennsylvania, from which he/she conducts business pursuant to 42 Pa.C.S.A. § 5744, and;

3. Posts and maintains as security with the Clerk of Courts, a Reserve Account in the amount of twenty-five thousand dollars (\$25,000.00) in United States currency.

C. Fidelity/Surety Company and Agent

1. A fidelity/surety company shall not be permitted to have agents on the Approved Bondsman List unless a currently valid registration and license from the Commonwealth of Pennsylvania, Department of Insurance pursuant to 40 P.S. §§ 831 et. seq. is provided to the Clerk of Courts.

2. Each agent of the fidelity/surety company must post and maintain as security with the Clerk of Courts a Reserve Account in the amount of twenty-five thousand dollars (\$25,000.00) in United States currency.

D. Removal from Approved Bondsman List

1. A bondsman (professional or fidelity/surety agent) may be removed from the Approved Bondsman List for any of the following reasons:

a. failure to comply with any of the rules as set forth herein;

b. failure to comply with any applicable law or regulation of the Commonwealth of Pennsylvania or Rule of Court of Pennsylvania or of Lancaster County;

c. suspension or revocation of a license or registration by the Commonwealth of Pennsylvania, Department of Insurance or by any Court of Common Pleas;

d. failure to maintain a Reserve Account in the amount of twenty-five thousand dollars (\$25,000.00);

e. the amount of the professional bondsman's outstanding bail forfeitures exceeds three hundred thousand dollars (\$300,000.00) as determined by the Lancaster County Solicitor's Office;

f. failure to pay a bail obligation into the Bail Judgment Account, referred to in Rule 536.1, as required, or;

g. failure to file quarterly reports with the Clerk of Courts within thirty (30) days of the end of each quarter.

2. A fidelity/surety company and its agents may be removed from the Approved Bondsman List if the aggregate amount of outstanding bail forfeitures for the fidelity/surety company exceeds five hundred thousand dollars (\$500,000.00) as determined by the Lancaster County Solicitor's Office.

3. Prior to the removal of a bondsman or fidelity/surety company from the Approved Bondsman List, the bondsman or fidelity/surety company shall be notified in writing of the intent to remove the bondsman or fidelity/surety company from the Approved Bondsman List and the reason(s) for removal and shall be provided with ten (10) days to remedy the basis for removal.

E. Reserve Account

1. The Clerk of Courts shall create and maintain a separate account known as the "Reserve Account" for each bondsman or fidelity/surety company on the Approved Bondsman List.

2. The bondsman or fidelity/surety company shall be solely responsible for making the deposits into his/her/its respective Reserve Account as required by this Rule.

Rule 536. Bail Pieces; Exoneration of Surety.

A. In all cases where a bail piece is lodged, the case shall proceed in accordance with the following procedures:

1. In all cases where the Defendant is lodged in the Lancaster County Prison pursuant to a bail piece, the Warden or his designee shall notify the District Court Administrator within twelve (12) hours of commitment.

2. After notice from the Warden or his designee, the District Court Administrator shall schedule a hearing to take place within seven (7) days of the date the bail piece was lodged.

3. The District Court Administrator shall give prompt notice of the hearing to the Office of the Public Defender, District Attorney's Office, the Clerk of Courts of Lancaster County, and any surety involved in the matter. The District Attorney and Public Defender shall each assign an attorney for the hearing.

4. The daily Business Judge shall conduct hearings on bail proceedings held pursuant to this Rule.

5. A copy of the Court's Order following the hearing shall be promptly forwarded to the Lancaster County Prison.

6. At any hearing conducted pursuant to [this] Rule 536(A), the only determination shall be whether to dismiss the bail piece or whether bail shall be reset. No decision regarding the exoneration or remittance of any surety shall be made at a hearing conducted pursuant to [this] Rule 536(A). **Rule 536(B) shall be the exclusive process to request exoneration or remission of any bondsman or fidelity/surety company.**

B. If a defendant is apprehended and returned to the Lancaster County Prison, the bondsman or fidelity/surety company or agent, may petition the Court of Common Pleas for full or partial exoneration or remittance of the amount of the bail bond under the following procedures:

1. All petitions for exoneration or remittance must be made in writing.

2. All petitions for exoneration or remittance must be served on the Office of the District Attorney, who shall have ten (10) days to respond to the petition.

3. A hearing on the petition shall be conducted upon the request of either party or by the Court sua sponte.

4. No hearing shall be conducted until the expiration of the ten (10) day response period, unless agreed to by both parties.

5. A petition for exoneration or remittance will not be considered if the funds in the Bail Judgment Account referred to in Rule 536.1 have been transferred to the General Fund as outlined in Rule 536.1(D).

PROPOSED RULEMAKINGS

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 555, 563, 639a AND 647a]

Table Game Rules for Caribbean Stud Poker and Texas Hold 'Em Bonus Poker

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 13A02(1)—(4) (relating to regulatory authority), proposes to rescind Chapters 555 and 563 (relating to Caribbean Stud Poker; and Texas Hold 'Em Bonus Poker) and add Chapters 639a and 647a (relating to Caribbean Stud Poker; and Texas Hold 'Em Bonus Poker) to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

With this proposed rulemaking, the Board is proposing to replace the temporary regulations in Chapter 555 with the permanent regulations in Chapter 639a and the temporary regulations in Chapter 563 with the permanent regulations in Chapter 647a.

Explanation of Chapter 639a

Chapter 639a contains the rules governing the play of Caribbean Stud Poker. Section 639a.1 (relating to definitions) contains the definitions of terms used throughout the chapter. In § 639a.2 (relating to Caribbean Stud Poker table physical characteristics), the physical characteristics of the table are specified.

The remaining sections address the following: the number of decks of cards used for play of the game; the opening of the Caribbean Stud Poker table for play; the shuffling of cards; the value and rank of the cards; permissible wagers; dealing procedures; the payout odds for all permissible wagers; and how irregularities in play are to be handled.

Explanation of Chapter 647a

Chapter 647a contains the rules governing the play of Texas Hold 'Em Bonus Poker. Section 647a.1 (relating to definitions) contains the definitions of terms used throughout the chapter. In § 647a.2 (relating to Texas Hold 'Em Bonus Poker table physical characteristics), the physical characteristics of the table are specified.

The remaining sections address the following: the number of decks of cards used for play of the game; the opening of the Texas Hold 'Em Bonus Poker table for play; the shuffling of cards; the value and rank of the cards; permissible wagers; dealing procedures; the payout odds for all permissible wagers; and how irregularities in play are to be handled.

Based on public comments received on the temporary rulemaking, the dealing procedure in § 647a.10 (relating to procedure for dealing the cards from an automated dealing shoe) for dealing the cards from an automated dealing shoe has been updated to accommodate the use of an automated dealing shoe that automatically reshuffles the cards.

Affected Parties

Certificate holders that elect to offer the games of Caribbean Stud Poker and Texas Hold 'Em Bonus Poker

will be required to comply with these chapters. The requirements for the games are standard throughout the industry, consistent with 4 Pa.C.S. Part II (relating to gaming) and necessary for the protection of the gaming public and the revenues generated from table games.

The Board has experienced increased regulatory demands resulting from the implementation of table games including the review of Rules Submissions, table layouts, signage and gaming guides.

Fiscal Impact

Commonwealth. The Board will have to review each certificate holder's table games Rules Submissions, table layouts, signage and gaming guides to ensure compliance with the regulatory requirements in this proposed rulemaking. These reviews will be conducted by existing Bureau of Gaming Operations and Bureau of Casino Compliance staff, so the Board does not project that it will incur any significant cost increases as a result of this proposed rulemaking.

Political subdivisions. This proposed rulemaking will not have fiscal impact on political subdivisions of this Commonwealth. Host municipalities and counties will benefit from the local share funding mandated by the act of January 7, 2010 (P. L. 1, No. 1).

Private sector. This proposed rulemaking will result in additional costs for certificate holders that elect to offer Caribbean Stud Poker and Texas Hold 'Em Bonus Poker. Certificate holders will be required to purchase the table games they elect to offer and to hire and train employees to operate the games. The costs for table game equipment do vary depending on the type and number of tables purchased. The costs are expected to be offset by the revenues generated from table game operations.

General public. This proposed rulemaking will not have fiscal impact on the general public.

Paperwork Requirements.

This proposed rulemaking will require certificate holders to do the following: post signs at gaming tables; have complete sets of rules for all the games they offer available for public inspection; produce a gaming guide summarizing the rules of the games they offer; and file Rules Submissions for each table game they elect to offer. The Rules Submissions are standardized checklists for each game, relatively simple to fill out and available on the Board's web site.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking, within 30 days after the date of publication in the *Pennsylvania Bulletin*, to Susan A. Yocum, Assistant Chief Counsel, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060, Attention: Public Comment on Table Games Rules; Regulation # 125-154.

Contact Person

The contact person for questions about this proposed rulemaking is Susan Yocum, Assistant Chief Counsel, (717) 346-8300.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on July 7, 2011, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Gaming Oversight Committee and the Senate Community, Economic and Recreational Development Committee. A copy of this material is available to the public upon request and is available on the Board's web site at www.pgcb.state.pa.us.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

GREGORY C. FAJT,
Chairperson

(*Editor's Note:* Proposed Chapters 639a and 647a reference proposed Chapters 601a, 603a and 605a, which will be adopted on or before the date of final adoption of this proposed rulemaking.)

Fiscal Note: 125-154. No fiscal impact; (8) recommends adoption.

§ 639a.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Bet Wager—An additional wager that a player shall make if the player opts to remain in competition against the dealer after the player reviews his hand.

Fold—The withdrawal of a player from a round of play by not making a Bet Wager.

Hand—The five-card hand that is held by each player and the dealer after the cards are dealt.

Hole card—Any of the four cards dealt face down to the dealer.

Progressive Payout Hand—The term means either of the following:

(i) A player's five-card poker hand with a rank of three-of-a-kind or better.

(ii) If included in the paytable selected by the certificate holder, a two pair or better as defined in § 639a.6(b) (relating to Caribbean Stud Poker rankings).

Round of play—One complete cycle of play during which all wagers have been placed, all cards have been dealt and all remaining wagers have been settled in accordance with the rules of this chapter.

§ 639a.2. Caribbean Stud Poker table physical characteristics.

(a) Caribbean Stud Poker shall be played at a table having betting positions for no more than seven players on one side of the table and a place for the dealer on the opposite side of the table.

(b) The layout for a Caribbean Stud Poker table shall be approved by the Bureau of Gaming Operations and contain, at a minimum:

(1) The name or logo of the certificate holder.

(2) Two separate betting areas designated for the placement of Ante and Bet Wagers for each player.

(3) If the certificate holder offers the optional Progressive Payout Wager authorized under § 639a.7(d)(2) (relating to wagers), a separate area designated for the placement of the Progressive Payout Wager for each player.

(4) If the certificate holder offers the optional Caribbean Stud Bonus Wager authorized under § 639a.7(d)(3), a separate area designated for the placement of the Caribbean Stud Bonus Wager for each player.

(5) Inscriptions that advise patrons of the payout odds or amounts for all permissible wagers offered by the certificate holder. If the payout odds or amounts are not inscribed on the layout, a sign identifying the payout odds or amounts for all permissible wagers shall be posted at each Caribbean Stud Poker table.

(6) An inscription indicating that the Bet Wager will be returned if the dealer has less than an ace/king. If the information is not inscribed on the layout, a sign which sets forth the required information shall be posted at each Caribbean Stud Poker table.

(c) If a certificate holder offers a Progressive Payout Wager in accordance with § 639a.7(d)(2), the Caribbean Stud Poker table must have a progressive table game system, in accordance with § 605a.7 (relating to progressive table game systems), for the placement of Progressive Payout Wagers. The progressive table game system must include:

(1) A wagering device at each betting position that acknowledges or accepts the placement of the Progressive Payout Wager.

(2) A device that controls or monitors the placement of Progressive Payout Wagers at the gaming table, including a mechanism, such as a lock-out button, that prevents the recognition of any Progressive Payout Wager that a player attempts to place after the dealer has announced "no more bets."

(d) Each Caribbean Stud Poker table must have a drop box and a tip box attached on the same side of the table as, but on opposite sides of, the dealer, as approved by the Bureau of Casino Compliance. The Bureau of Casino Compliance may approve an alternative location for the tip box when a card shuffling device or other table game equipment prevents the placement of the drop box and tip box on the same side of the gaming table as, but on opposite sides of, the dealer.

(e) Each Caribbean Stud Poker table must have a discard rack securely attached to the top of the dealer's side of the table.

§ 639a.3. Cards; number of decks.

(a) Except as provided in subsection (b), Caribbean Stud Poker shall be played with one deck of cards that are identical in appearance and one cover card.

(b) If an automated card shuffling device is utilized, Caribbean Stud Poker may be played with two decks of cards in accordance with the following requirements:

(1) The cards in each deck must be of the same design. The backs of the cards in one deck must be of a different color than the cards included in the other deck.

(2) One deck of cards shall be shuffled and stored in the automated card shuffling device while the other deck is being used to play the game.

(3) Both decks are continuously alternated in and out of play, with each deck being used for every other round of play.

(4) The cards from only one deck are placed in the discard rack at any given time.

(c) The decks of cards used in Caribbean Stud Poker shall be changed:

(1) At least every 4 hours if the cards are dealt by hand.

(2) At least every 8 hours if the cards are dealt from a manual or automated dealing shoe.

§ 639a.4. Opening of the table for gaming.

(a) After receiving one or more decks of cards at the table, the dealer shall inspect the cards for any defects. The floorperson assigned to the table shall verify the inspection.

(b) After the cards are inspected, the cards shall be spread out face up on the table for visual inspection by the first player to arrive at the table. The cards shall be spread in horizontal fan shaped columns by deck according to suit and in sequence.

(c) After the first player arriving at the table has been afforded an opportunity to visually inspect the cards, the cards shall be turned face down on the table, mixed thoroughly by a washing of the cards and stacked. Once the cards have been stacked, the cards shall be shuffled in accordance with § 639a.5 (relating to shuffle and cut of the cards).

(d) If an automated card shuffling device is utilized and two decks of cards are received at the table, each deck of cards shall be spread for inspection, mixed, stacked and shuffled in accordance with subsections (a)—(c).

(e) If the decks of cards received at the table are preinspected and reshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), subsections (a)—(d) do not apply.

§ 639a.5. Shuffle and cut of the cards.

(a) Immediately prior to commencement of play, unless the cards were reshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), after each round of play has been completed or when directed by a floorperson or above, the dealer shall shuffle the cards, either manually or by use of an automated card shuffling device, so that the cards are randomly intermixed. Upon completion of the shuffle, the dealer or automated shuffling device shall place the deck of cards in a single stack provided, however, that the certificate holder may use an automated card shuffling device which, upon completion of the shuffling of the cards, inserts the stack of cards directly into a dealing shoe.

(b) If an automated card shuffling device is being used, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, and the device reveals that an incorrect number of cards are present, the deck shall be removed from the table.

(c) After the cards have been shuffled and stacked, the dealer shall:

(1) If the cards were shuffled using an automated card shuffling device, deal the cards in accordance with § 639a.8, § 639a.9 or § 639a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe).

(2) If the cards were shuffled manually or were reshuffled, cut the cards in accordance with subsection (d).

(d) If a cut of the cards is required, the dealer shall place the cover card in the stack at least ten cards in from the top of the stack. Once the cover card has been inserted, the dealer shall take all cards above the cover card and the cover card and place them on the bottom of the stack. The stack of cards shall then be inserted into the dealing shoe for commencement of play.

(e) After the cards have been cut and before any cards have been dealt, a floorperson or above may require the cards to be recut if the floorperson determines that the cut was performed improperly or in any way that might affect the integrity or fairness of the game.

(f) If there is no gaming activity at a Caribbean Stud Poker table which is open for gaming, the cards shall be spread out on the table face down unless a player requests that the cards be spread face up on the table. After the first player arriving at the table is afforded an opportunity to visually inspect the cards:

(1) If there is no automated shuffling device in use, the cards shall be mixed thoroughly by a washing of the cards, stacked, then shuffled and cut in accordance with this section.

(2) If an automated shuffling device is in use, the cards shall be stacked and placed into the automated shuffling device to be shuffled. The deck of cards already in the shuffler shall then be removed. Unless a player requests otherwise, the deck of cards removed from the shuffler does not need to be spread for inspection and reshuffled prior to being dealt if:

(i) The automated card shuffling device stores a single deck of shuffled cards inside the shuffler in a secure manner.

(ii) The shuffled cards have been secured, released and prepared for play in accordance with procedures approved by the Bureau of Gaming Laboratory Operations.

(g) In lieu of the dealing and shuffling requirements in this section, a certificate holder may utilize a dealing shoe or other device designed to automatically reshuffle the cards provided that the device and the procedures for dealing and shuffling the cards through use of this device are approved by the Bureau of Gaming Laboratory Operations.

§ 639a.6. Caribbean Stud Poker rankings.

(a) The rank of the cards used in Caribbean Stud Poker, for the determination of winning hands, in order of highest to lowest rank, shall be: ace, king, queen, jack, 10, 9, 8, 7, 6, 5, 4, 3 and 2. Notwithstanding the foregoing, an ace may be used to complete a straight flush or straight formed with a 2, 3, 4 and 5, but may not be combined with any other sequence of cards (for example, queen, king, ace, 2 and 3). All suits shall be equal in rank.

(b) The permissible five-card poker hands at the game of Caribbean Stud Poker, in order of highest to lowest rank, shall be:

(1) A royal flush, which is a hand consisting of an ace, king, queen, jack and 10 of the same suit.

(2) A straight flush, which is a hand, other than a royal flush, consisting of five cards of the same suit in consecutive ranking, with king, queen, jack, 10 and 9 being the highest ranking straight flush and a 5, 4, 3, 2 and ace being the lowest ranking straight flush.

(3) A four-of-a-kind, which is a hand consisting of four cards of the same rank, with four aces being the highest ranking four-of-a-kind and four 2s being the lowest ranking four-of-a-kind.

(4) A full house, which is a hand consisting of a three-of-a-kind and a pair, with three aces and two kings being the highest ranking full house and three 2s and two 3s being the lowest ranking full house.

(5) A flush, which is a hand consisting of five cards of the same suit, not in consecutive order, with an ace, king, queen, jack, 9 being the highest ranking flush and a 2, 3, 4, 5 and 7 being the lowest ranking flush.

(6) A straight, which is a hand consisting of five cards of more than one suit and of consecutive rank, with an ace, king, queen, jack and 10 being the highest ranking straight and a 5, 4, 3, 2 and ace being the lowest ranking straight.

(7) A three-of-a-kind, which is a hand consisting of three cards of the same rank, with three aces being the highest ranking three-of-a-kind and three 2s being the lowest ranking three-of-a-kind.

(8) A two pairs, which is a hand containing two pairs, with two aces and two kings being the highest ranking two pair and two 3s and two 2s being the lowest ranking two pair.

(9) A pair, which is a hand containing two cards of the same rank, with two aces being the highest ranking pair and two 2s being the lowest ranking pair.

(c) When comparing two hands that are of identical poker hand rank under subsection (b), or that contain none of the hands listed in subsection (b), the hand that contains the highest ranking card under subsection (a), which is not contained in the other hand, shall be considered the higher ranking hand. If the hands are of identical rank after the application of this subsection, the hands shall be considered a tie.

§ 639a.7. Wagers.

(a) Wagers at Caribbean Stud Poker shall be made by placing value chips or plaques on the appropriate areas of the table layout. Verbal wagers accompanied by cash may not be accepted.

(b) Only players who are seated at the Caribbean Stud Poker table may wager at the game. Once a player has placed a wager and received cards, that player shall remain seated until the completion of the round of play. If a player leaves the table during a round of play, any wagers made by the player may be considered abandoned and may be treated as losing wagers.

(c) All wagers, except the Bet Wager, shall be placed prior to the dealer announcing "no more bets" in accordance with the dealing procedure in § 639a.8, § 639a.9 or § 639a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe). Except as provided in § 639a.11(b) (relating to procedure for completion of each round of play), a wager may not be made, increased, or withdrawn after the dealer has announced "no more bets."

(d) The following wagers may be placed in the game of Caribbean Stud Poker:

(1) A player shall compete against the dealer's five-card poker hand by placing an Ante Wager, then a Bet Wager, in accordance with § 639a.11(b).

(2) A certificate holder may, if specified in its Rules Submission under § 601a.2 (relating to table games Rules Submissions), offer to each player at a Caribbean Stud Poker table the option to make an additional Progressive Payout Wager that the player will receive a Progressive Payout Hand. After placing an Ante Wager, a player may make the additional Progressive Payout Wager by placing a value chip onto the progressive wagering device designated for that player. Each player shall be responsible for verifying that the player's respective Progressive Payout Wager has been accepted.

(3) A certificate holder may, if specified in its Rules Submission under § 601a.2, offer to each player at a Caribbean Stud Poker table the option to make an additional Caribbean Stud Bonus Wager that the player's cards will form a five-card poker hand with a rank of a pair of 10s or better. After placing an Ante Wager, a player may make the additional Caribbean Stud Bonus Wager by placing a value chip on the designated betting area prior to the dealer announcing "no more bets."

(e) A player may not wager on more than one player position at a Caribbean Stud Poker table.

§ 639a.8. Procedure for dealing the cards from a manual dealing shoe.

(a) If a manual dealing shoe is used, the dealing shoe must be located on the table in a location approved by the

Bureau of Casino Compliance. Once the procedures required under § 639a.5 (relating to shuffle and cut of the cards) have been completed, the stacked deck of cards shall be placed in the dealing shoe by the dealer or by the automated card shuffling device.

(b) Prior to dealing the cards, the dealer shall announce “no more bets” and, if the Progressive Payout Wager is being offered, use the progressive table game system to prevent the placement of any additional Progressive Payout Wagers. If any Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(c) Each card shall be removed from the dealing shoe with the hand of the dealer that is the closest to the dealing shoe and placed on the appropriate area of the layout with the opposite hand.

(d) The dealer shall, starting with the player farthest to the dealer’s left and continuing around the table in a clockwise manner, deal the cards as follows:

(1) One card face down to each player who placed an Ante Wager in accordance with § 639a.7(d)(1) (relating to wagers).

(2) One card face up to the area designated for the placement of the dealer’s hand.

(3) A second card face down to each player directly on top of that player’s first card.

(4) A second card face down to the area designated for the placement of the dealer’s hand to the right of the dealer’s first card.

(5) A third, fourth and fifth card, in succession, face down to each player and the dealer directly on top of the preceding card.

(e) After five cards have been dealt to each player and the dealer, the dealer shall remove the stub from the manual dealing shoe and, except as provided in subsection (f), place the stub in the discard rack without exposing the cards.

(f) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(g) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(h) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt (a player or the dealer has more or less than 5 cards) but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 639a.9. Procedures for dealing the cards from the hand.

(a) If the cards are dealt from the dealer’s hand, the following requirements shall be observed:

(1) An automated shuffling device shall be used to shuffle the cards.

(2) After the procedures required under § 639a.5 (relating to shuffle and cut of the cards) have been completed, the dealer shall place the stacked deck of cards in either hand. After the dealer has chosen the hand in which he will hold the cards, the dealer shall continue to use that hand whenever holding the cards during that round of play. The cards held by the dealer shall be kept over the table inventory container and in front of the dealer at all times.

(3) Prior to dealing any cards, the dealer shall announce “no more bets” and, if the Progressive Payout Wager is being offered, use the progressive table game system to prevent the placement of any additional Progressive Payout Wagers. If any Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(b) The dealer shall deal each card by holding the deck of cards in the chosen hand and use the other hand to remove the top card of the deck and place it on the appropriate area of the layout. The dealer shall, starting with the player farthest to the dealer’s left and continuing around the table in a clockwise manner, deal the cards as follows:

(1) One card face down to each player who has placed an Ante Wager in accordance with § 639a.7(d)(1) (relating to wagers).

(2) One card face up to an area designated for the placement of the dealer’s hand.

(3) A second card face down to each player directly on top of that player’s first card.

(4) A second card face down to the area designated for the placement of the dealer’s hand to the right of the dealer’s first card.

(5) A third, fourth and fifth card, in succession, face down to each player and the dealer directly on top of the preceding card.

(c) After five cards have been dealt to each player and the dealer, the dealer shall remove the stub from the manual dealing shoe and, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt (a player or the dealer has more or less than 5 cards) but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were

not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 639a.10. Procedures for dealing the cards from an automated dealing shoe.

(a) If the cards are dealt from an automated dealing shoe, the following requirements shall be observed:

(1) After the procedures required under § 639a.5 (relating to shuffle and cut of the cards) have been completed, the cards shall be placed in the automated dealing shoe.

(2) Prior to the shoe dispensing any stacks of cards, the dealer shall announce "no more bets" and, if the Progressive Payout Wager is being offered, use the progressive table game system to prevent the placement of any additional Progressive Payout Wagers. If any Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(b) The dealer shall deliver the first stack of cards dispensed by the automated dealing shoe face down to the player farthest to the dealer's left who has placed an Ante wager in accordance with § 639a.7(d)(1) (relating to wagers). As the remaining stacks are dispensed to the dealer by the automated dealing shoe, the dealer shall, moving clockwise around the table, deliver a stack face down to each of the other players who has placed an Ante Wager in accordance with § 639a.7(d)(1). The dealer shall then deliver a stack of five cards face down to the area designated for the placement of the dealer's cards and shall spread the cards face down on the layout so the top card of the stack is to the dealer's right and the bottom card is to the dealer's left. The dealer shall turn the bottom card of the stack (the card on the dealer's far left) face up on the area designated for the placement of the dealer's cards.

(c) After each stack of five cards has been dispensed and delivered in accordance with subsection (b), the dealer shall remove the stub from the automated dealing shoe and, except as provided in subsection (d), place the cards in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt (a player or dealer has more or less than 5 cards) but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 639a.11. Procedure for completion of each round of play.

(a) After the dealing procedures required under § 639a.8, § 639a.9 or § 639a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe) have been completed, each player shall examine his cards subject to the following limitations:

(1) Each player who wagers at Caribbean Stud Poker shall be responsible for his own hand and no person other than the dealer and the player to whom the cards were dealt may touch the cards.

(2) Each player shall keep the five cards in full view of the dealer at all times.

(3) After each player has made a decision regarding the Bet Wager as required under subsection (b), the player's cards shall be placed face down on the appropriate area of the layout and the player may not touch the cards again.

(b) After each player has examined his cards, the dealer shall, beginning with the player farthest to the dealer's left and moving clockwise around the table, ask each player if he wishes to make a Bet Wager in an amount equal to two times the amount of the player's Ante Wager or forfeit the Ante Wager and end his participation in the round of play. If a player has placed an Ante Wager and a Caribbean Stud Bonus Wager or Progressive Payout Wager but does not make a Bet Wager, the player shall forfeit all wagers.

(c) After each player who has placed an Ante Wager has either placed a Bet Wager on the designated area of the layout or forfeited his wager and hand, the dealer shall collect all forfeited wagers and associated cards and shall place the cards in the discard rack. The dealer shall then reveal the dealer's four hole cards and place the cards so as to form the highest possible ranking five-card poker hand. After the dealer's cards are turned face up, the dealer shall, beginning with the player farthest to the dealer's right and continuing around the table in a counterclockwise direction, complete the following applicable procedures in succession for each player:

(1) The dealer shall turn the five cards of each player face up on the layout.

(2) The dealer shall examine the cards of the player and form the highest possible ranking five-card poker hand for each player.

(3) If the dealer's highest ranking five-card poker hand:

(i) Is lower than an ace-king, the dealer shall return each player's Bet Wager and pay out the player's Ante Wager made by the player in accordance with the payout odds in § 639a.12(a) and (b) (relating to payout odds; rate of progression).

(ii) Is an ace-king or better, and the player's highest ranking five-card poker hand:

(A) Is ranked lower than the dealer's five-card poker hand, the dealer shall immediately collect the Ante and Bet Wagers made by the player.

(B) Is ranked higher than the dealer's five-card poker hand, the dealer shall pay the Ante and Bet Wagers made by the player in accordance with the payout odds in § 639a.12(a) and (b).

(C) Is equal in rank to the dealer's five-card hand, the dealer shall return the Ante and Bet Wagers made by the player.

(4) The dealer shall settle any Caribbean Stud Bonus Wager made by the player by determining whether the player's five-card poker hand qualifies for a payout in accordance with § 639a.12(c). A winning Caribbean Stud Bonus Wager shall be paid irrespective of whether the player's five-card poker hand outranks the dealer's hand.

(5) After settling a player's Ante, Bet and Caribbean Stud Bonus Wagers, the dealer shall then settle the Progressive Payout Wager, if offered by the certificate holder. A winning Progressive Payout Wager shall be paid irrespective of whether the player's five-card poker hand outranks the dealer's hand. If a player has won a progressive payout, the dealer shall:

- (i) Verify that the hand is a winning hand.
- (ii) Verify that the appropriate light on the progressive table game system has been illuminated.
- (iii) Have a floorperson or above validate the progressive payout in accordance with the certificate holder's approved internal control procedures.
- (iv) Pay the winning Progressive Payout Wager in accordance with the payout odds in § 639a.12(d). If a player has won a progressive payout that is a percentage of the jackpot amount on the progressive meter, the progressive payout may not be paid from the table inventory container. If a player has won a progressive payout that is not being paid from the table inventory container, the cards of that player shall remain on the table until the necessary documentation has been completed.

(d) After all wagers have been settled, the dealer shall remove all remaining cards from the table and place them in the discard rack in a manner that permits the reconstruction of each hand in the event of a question or dispute.

§ 639a.12. Payout odds; rate of progression.

(a) A certificate holder shall pay each winning Ante Wager at odds of 1 to 1.

(b) A certificate holder shall pay winning Bet Wagers in accordance with the following odds:

<i>Hand</i>	<i>Paytable</i>
Royal Flush	100 to 1
Straight Flush	50 to 1
Four-of-a-kind	20 to 1
Full House	7 to 1
Flush	5 to 1
Straight	4 to 1
Three-of-a-kind	3 to 1
Two pair	2 to 1
A pair or less	1 to 1

(c) If a certificate holder offers the Caribbean Stud Bonus Wager, the certificate holder shall pay out winning Caribbean Stud Bonus Wagers at the odds in one of the following paytables selected by the certificate holder in its Rules Submission filed in accordance with § 601a.2 (relating to table games Rules Submissions):

<i>Hand</i>	<i>Paytable A</i>	<i>Paytable B</i>	<i>Paytable C</i>
Royal Flush	1,000 to 1	1,000 to 1	1,000 to 1
Straight Flush	200 to 1	200 to 1	200 to 1
Four-of-a-kind	100 to 1	100 to 1	100 to 1
Full House	50 to 1	50 to 1	50 to 1
Flush	40 to 1	40 to 1	40 to 1
Straight	25 to 1	25 to 1	20 to 1
Three-of-a-kind	7 to 1	6 to 1	6 to 1

<i>Hand</i>	<i>Paytable A</i>	<i>Paytable B</i>	<i>Paytable C</i>
Two pair	3 to 1	3 to 1	3 to 1
A pair of 10s or better	1 to 1	1 to 1	1 to 1

(d) If a certificate holder offers the Progressive Payout Wager:

(1) A player placing a Progressive Payout Wager shall be paid at the odds in one of the following payout tables selected by the certificate holder in its Rules Submission filed in accordance with § 601a.2:

<i>Hand</i>	<i>Paytable A</i>	<i>Paytable B</i>	<i>Paytable C</i>
Royal Flush	100% of meter	100% of meter	100% of meter
Straight Flush	5,000 for 1	10% of meter	10% of meter

Straight	10 for 1	10 for 1	30 for 1
Three-of-a-kind	3 for 1	3 for 1	9 for 1
Two pair	2 for 1	2 for 1	N/A

(2) A player shall receive the payout for only the highest ranking five-card poker hand formed.

(3) The rate of progression for the meter used for the progressive payout in paragraph (1) must be in the certificate holder's Rules Submission filed in accordance with § 601a.2. The initial and reset amount must also be in the certificate holder's Rules Submission and must be at least \$10,000.

(4) Winning Progressive Payout Hands shall be paid in accordance with the amount on the meter when it is the player's turn to be paid in accordance with § 639a.11(c)(5) (relating to procedure for completion of each round of play).

§ 639a.13. Irregularities.

(a) A card that is found face up in the shoe or the deck while the cards are being dealt may not be used in that round of play and shall be placed in the discard rack. If more than one card is found face up in the shoe or the deck during the dealing of the cards, all hands shall be void, all wagers shall be returned to the players and the cards shall be reshuffled.

(b) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe or the deck.

(c) If any player or the dealer is dealt an incorrect number of cards, all hands shall be void, all wagers shall be returned to the players and the cards shall be reshuffled.

(d) If any of the dealer's hole cards are inadvertently exposed prior to each player having either folded or placed a Bet Wager as provided under § 639a.11 (relating to procedure for completion of each round of play), all hands shall be void, all wagers shall be returned to the players, and the cards shall be reshuffled.

(e) If an automated card shuffling device is being used and the device jams, stops shuffling during a shuffle or fails to complete a shuffle cycle, the cards shall be reshuffled.

(f) If an automated dealing shoe is being used and the device jams, stops dealing cards or fails to deal cards during a round of play, the round of play shall be void, all

wagers shall be returned to the players and the cards shall be removed from the device and reshuffled with any cards already dealt.

(g) If an automated card shuffling device or automated dealing shoe malfunctions and cannot be used, the automated card shuffling device or automated dealing shoe shall be covered or have a sign indicating that the automated card shuffling device or automated dealing shoe is out of order placed on the device before any other method of shuffling or dealing may be utilized at that table.

§ 647a.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Burn—To remove the top or next card from the deck and place it face down in the discard rack without exposing the card to anyone.

Community card—A card which may be used by each player and the dealer to form the best possible five-card poker hand.

Flop—The first three community cards dealt during a round of play.

Flop Wager—The second wager that a player shall make prior to the Flop being dealt to continue participation in the round of play.

Fold—The withdrawal of a player from a round of play by not making a Flop Wager.

Hand—The five-card poker hand formed from the two cards of the player or the dealer and any of the five community cards.

River card—The fifth and final community card dealt during a round of play.

River Wager—The fourth wager that a player may place prior to the River card being dealt.

Round of play—One complete cycle of play during which all wagers have been placed, all cards have been dealt and all remaining wagers have been settled in accordance with the rules of this chapter.

Turn card—The fourth community card dealt during a round of play.

Turn Wager—The third wager that a player may place prior to the Turn card being dealt.

§ 647a.2. Texas Hold 'Em Bonus Poker table physical characteristics.

(a) Texas Hold 'Em Bonus Poker shall be played at a table having betting positions for no more than six players on one side of the table and a place for the dealer on the opposite side of the table.

(b) The layout for a Texas Hold 'Em Bonus Poker table shall be approved by the Bureau of Gaming Operations and contain, at a minimum:

(1) The name or logo of the certificate holder.

(2) Four separate betting areas designated for the placement of Ante, Flop, Turn and River Wagers for each player.

(3) A separate area designated for the placement of the five community cards located directly in front of the table inventory container.

(4) A separate area designated for the placement of the dealer's two cards.

(5) If the certificate holder offers the optional Texas Hold 'Em Bonus Wager authorized under § 647a.7(d)(2) (relating to wagers), a separate areas designated for the placement of the Texas Hold 'Em Bonus Wager for each player.

(6) Inscriptions that advise patrons of the payout odds for all permissible wagers offered by the certificate holder. If the payout odds are not inscribed on the layout, a sign identifying the payout odds for all permissible wagers shall be posted at each Texas Hold 'Em Bonus Poker table.

(7) Inscriptions indicating the following:

(i) The Ante Wager will be returned if the player's winning hand is not a straight or better or a flush or better as specified in the certificate holder's Rules Submission under § 601a.2 (relating to table games Rules Submissions).

(ii) The payout limit per hand established by the certificate holder under § 647a.12(c) (relating to payout odds; payout limitation) or a generic inscription indicating that the game is subject to the posted payout limit.

(8) If the information required under paragraph (7) is not inscribed on the layout, a sign which sets forth the required information shall be posted at each Texas Hold 'Em Bonus Poker table.

(c) Each Texas Hold 'Em Bonus Poker table must have a drop box and a tip box attached on the same side of the table as, but on opposite sides of, the dealer, as approved by the Bureau of Casino Compliance. The Bureau of Casino Compliance may approve an alternative location for the tip box when a card shuffling device or other table game equipment prevents the placement of the drop box and tip box on the same side of the gaming table as, but on opposite sides of, the dealer.

(d) Each Texas Hold 'Em Bonus Poker table must have a discard rack securely attached to the top of the dealer's side of the table.

§ 647a.3. Cards; number of decks.

(a) Except as provided in subsection (b), Texas Hold 'Em Bonus Poker shall be played with one deck of cards that are identical in appearance and two cover cards.

(b) If an automated card shuffling device is utilized, Texas Hold 'Em Bonus Poker may be played with two decks of cards in accordance with the following requirements:

(1) The cards in each deck must be of the same design. The backs of the cards in one deck must be of a different color than the cards included in the other deck.

(2) One deck of cards shall be shuffled and stored in the automated card shuffling device while the other deck is being used to play the game.

(3) Both decks are continuously alternated in and out of play, with each deck being used for every other round of play.

(4) The cards from only one deck are placed in the discard rack at any given time.

(c) The decks of cards used in Texas Hold 'Em Bonus Poker shall be changed:

(1) At least every 4 hours if the cards are dealt by hand.

(2) At least every 8 hours if the cards are dealt from a manual or automated dealing shoe.

§ 647a.4. Opening of the table for gaming.

(a) After receiving one or more decks of cards at the table, the dealer shall inspect the cards for any defects. The floorperson assigned to the table shall verify the inspection.

(b) After the cards are inspected, the cards shall be spread out face up on the table for visual inspection by the first player to arrive at the table. The cards shall be spread out in horizontal fan shaped columns by deck according to suit and in sequence.

(c) After the first player arriving at the table has been afforded an opportunity to visually inspect the cards, the cards shall be turned face down on the table, mixed thoroughly by a washing of the cards and stacked. Once the cards have been stacked, the cards shall be shuffled in accordance with § 647a.5 (relating to shuffle and cut of the cards).

(d) If an automated card shuffling device is utilized and two decks of cards are received at the table, each deck of cards shall be spread for inspection, mixed, stacked and shuffled in accordance with subsections (a)—(c).

(e) If the decks of cards received at the table are preinspected and reshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), subsections (a)—(d) do not apply.

§ 647a.5. Shuffle and cut of the cards.

(a) Immediately prior to commencement of play, unless the cards were reshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), after each round of play has been completed or when directed by a floorperson or above, the dealer shall shuffle the cards, either manually or by use of an automated card shuffling device, so that the cards are randomly intermixed. Upon completion of the shuffle, the dealer or automated shuffling device shall place the deck of cards in a single stack provided, however, that the certificate holder may use an automated card shuffling device which, upon completion of the shuffling of the cards, inserts the stack of cards directly into a dealing shoe.

(b) If an automated card shuffling device is being used, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, and the device reveals that an incorrect number of cards are present, the deck shall be removed from the table.

(c) After the cards have been shuffled and stacked, the dealer shall:

(1) If the cards were shuffled using an automated card shuffling device, deal the cards in accordance with § 647a.8, § 647a.9 or § 647a.10 (relating to procedure for

dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe).

(2) If the cards were shuffled manually or were reshuffled, cut the cards in accordance with subsection (d).

(d) If a cut of the cards is required, the dealer shall place the cover card in the stack at least ten cards in from the top of the stack. Once the cover card has been inserted, the dealer shall take all cards above the cover card and the cover card and place them on the bottom of the stack. The stack of cards shall then be inserted into the dealing shoe for commencement of play.

(e) After the cards have been cut and before any cards have been dealt, a floorperson or higher may require the cards to be recut if the floorperson determines that the cut was performed improperly or in any way that might affect the integrity or fairness of the game.

(f) If there is no gaming activity at a Texas Hold 'Em Bonus Poker table which is open for gaming, the cards shall be spread out on the table face down unless a player requests that the cards be spread face up on the table. After the first player arriving at the table is afforded an opportunity to visually inspect the cards:

(1) If there is no automated shuffling device in use, the cards shall be mixed thoroughly by a washing of the cards, stacked, then shuffled and cut in accordance with this section.

(2) If an automated shuffling device is in use, the cards shall be stacked and placed into the automated shuffling device to be shuffled. The deck of cards already in the shuffler shall then be removed. Unless a player requests otherwise, the deck of cards removed from the shuffler does not need to be spread for inspection and reshuffled prior to being dealt if:

(i) The automated card shuffling device stores a single deck of shuffled cards inside the shuffler in a secure manner.

(ii) The shuffled cards have been secured, released and prepared for play in accordance with procedures approved by the Bureau of Gaming Laboratory Operations.

(g) In lieu of the dealing and shuffling requirements in this section, a certificate holder may utilize a dealing shoe or other device designed to automatically reshuffle the cards provided that the device and the procedures for dealing and shuffling the cards through use of this device are approved by the Bureau of Gaming Laboratory Operations.

§ 647a.6. Texas Hold 'Em Bonus Poker rankings.

(a) The rank of the cards used in Texas Hold 'Em Bonus Poker, for the determination of winning hands, in order of highest to lowest rank, shall be: ace, king, queen, jack, 10, 9, 8, 7, 6, 5, 4, 3 and 2. Notwithstanding the foregoing, an ace may be used to complete a straight flush or straight formed with a 2, 3, 4 and 5 but may not be combined with any other sequence of cards (for example queen, king, ace, 2 and 3). All suits shall be equal in rank.

(b) The permissible five-card poker hands at the game of Texas Hold 'Em Bonus Poker, in order of highest to lowest rank, shall be:

(1) A royal flush, which is a hand consisting of an ace, king, queen, jack and 10 of the same suit.

(2) A straight flush, which is a hand, other than a royal flush, consisting of five cards of the same suit in consecutive ranking, with king, queen, jack, 10 and 9 being the highest ranking straight flush and ace, 2, 3, 4 and 5 being the lowest straight flush.

(3) A four-of-a-kind, which is a hand consisting of four cards of the same rank, with four aces being the highest ranking four-of-a-kind and four 2s being the lowest ranking four-of-a-kind.

(4) A full house, which is a hand consisting of a three-of-a-kind and a pair, with three aces and two kings being the highest ranking full house and three 2s and two 3s being the lowest ranking full house.

(5) A flush, which is a hand consisting of five cards of the same suit, not in consecutive order, with ace, king, queen, jack and 9 being the highest ranking flush and 2, 3, 4, 5 and 7 being the lowest ranking flush.

(6) A straight, which is a hand consisting of five cards of more than one suit and of consecutive rank, with an ace, king, queen, jack and 10 being the highest ranking straight and an ace, 2, 3, 4 and 5 being the lowest ranking straight.

(7) A three-of-a-kind, which is a hand consisting of three cards of the same rank, with three aces being the highest ranking three-of-a-kind and three 2s being the lowest ranking three-of-a-kind.

(8) Two pair, which is a hand consisting of two pairs, with two aces and two kings being the highest ranking two pair and two 3s and two 2s being the lowest ranking two pair.

(9) A pair, which is a hand consisting of two cards of the same rank, with two aces being the highest ranking pair and two 2s being the lowest ranking pair.

(c) When comparing two hands that are of identical rank under subsection (b), or that contain none of the hands listed in subsection (b), the hand that contains the highest ranking card under subsection (a), which is not contained in the other hand, shall be considered the higher ranking hand. If the hands are of identical rank after the application of this subsection, the hands shall be considered a tie.

§ 647a.7. Wagers.

(a) Wagers at Texas Hold 'Em Bonus Poker shall be made by placing value chips or plaques on the appropriate areas of the table layout. Verbal wagers accompanied by cash may not be accepted.

(b) Only players who are seated at the Texas Hold 'Em Bonus Poker table may place a wager at the game. Once a player has placed a wager and received cards, that player shall remain seated until the completion of the round of play. If a player leaves the table during a round of play, any wagers made by the player may be considered abandoned and may be treated as losing wagers.

(c) All Ante and Texas Hold 'Em Bonus Wagers shall be placed prior to the dealer announcing "no more bets" in accordance with the dealing procedure in § 647a.8, § 647a.9 or § 647a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe). Except as provided in § 647a.11(b), (d) and (f) (relating to procedure for completion of each round of play), a wager may not be made, increased or withdrawn after the dealer has announced "no more bets."

(d) The following wagers may be placed in the game of Texas Hold 'Em Bonus Poker:

(1) A player shall compete against the dealer's five-card poker hand by placing an Ante Wager then Flop, Turn and River Wagers in accordance with § 647a.11(b), (d) and (f).

(2) A certificate holder may, if specified in its Rules Submission under § 601a.2 (relating to table games Rules Submissions), offer to each player at a Texas Hold 'Em Bonus Poker table the option to make an additional Texas Hold 'Em Bonus Wager that the player's first two cards will qualify for a payout in accordance with § 647a.12(b) (relating to payout odds; payout limitation). A Texas Hold 'Em Bonus Wager shall have no bearing on any other wager made by the player.

(e) A player may not wager on more than one player position at a Texas Hold 'Em Bonus Poker table.

§ 647a.8. Procedure for dealing the cards from a manual dealing shoe.

(a) If a manual dealing shoe is used, the dealing shoe must be located on the table in a location as approved by the Bureau of Casino Compliance. Once the procedures required under § 647a.5 (relating to shuffle and cut of the cards) have been completed, the stacked deck of cards shall be placed in the dealing shoe either by the dealer or by the automated card shuffling device.

(b) Prior to dealing the cards and after all Ante and Texas Hold 'Em Bonus Wagers have been placed, the dealer shall announce "no more bets."

(c) Each card shall be removed from the dealing shoe with the hand of the dealer that is the closest to the dealing shoe and placed on the appropriate area of the layout with the opposite hand.

(d) The dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, deal one card at a time, face down, to each player who placed an Ante Wager in accordance with § 647a.7(d)(1) (relating to wagers) and to the dealer, under a cover card, until each player who placed an Ante Wager and the dealer have two cards.

(e) After two cards have been dealt to each player and to the area designated for the placement of the dealer's hand, the dealer shall deal the five community cards in accordance with § 647a.11(c), (e) and (g) (relating to procedure for completion of each round of play). After all community cards have been dealt, the dealer shall remove the stub from the manual dealing shoe and, except as provided in subsection (f), place the stub in the discard rack without exposing the cards.

(f) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(g) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(h) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If

the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 647a.9. Procedure for dealing the cards from the hand.

(a) If the cards are dealt from the dealer's hand, the following requirements shall be observed:

(1) An automated shuffling device shall be used to shuffle the cards.

(2) After the procedures required under § 647a.5 (relating to shuffle and cut of the cards) have been completed, the dealer shall place the stacked deck of cards in either hand. After the dealer has chosen the hand in which he will hold the cards, the dealer shall continue to use that hand whenever holding the cards during that round of play. The cards held by the dealer shall be kept over the table inventory container and in front of the dealer at all times.

(b) The dealer shall announce "no more bets" and then deal each card by holding the deck of cards in the chosen hand and use the other hand to remove the top card of the deck and place it face down on the appropriate area of the layout. The dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, deal one card at a time to each player who placed an Ante Wager in accordance with § 647a.7(d)(1) (relating to wagers) and to the dealer, under a cover card, until each player who placed an Ante Wager and the dealer have two cards.

(c) After two cards have been dealt to each player and to the area designated for the placement of the dealer's hand, the dealer shall deal the five community cards in accordance with § 647a.11(c), (e) and (f) (relating to procedure for completion of each round of play). After all community cards have been dealt, the dealer shall, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 647a.10. Procedure for dealing the cards from an automated dealing shoe.

(a) If the cards are dealt from an automated dealing shoe, the following requirements shall be observed:

(1) After the procedures required under § 647a.5 (relating to shuffle and cut of the cards) have been completed, the cards shall be placed in the automated dealing shoe.

(2) Prior to the shoe dispensing any stacks of cards, the dealer shall announce "no more bets."

(b) The dealer shall deliver the first stack of two cards dispensed by the automated dealing shoe face down to the player farthest to the dealer's left who has placed an Ante Wager in accordance with § 647a.7(d)(1) (relating to wagers). As the remaining stacks are dispensed to the dealer by the automated dealing shoe, the dealer shall, moving clockwise around the table, deliver a stack of two cards face down to each of the other players who has placed an Ante Wager. The dealer shall then deliver a stack of two cards face down under a cover card to the area designated for the dealer's cards.

(c) After each stack of two cards has been dispensed and delivered in accordance with subsection (b), the dealer shall remove the remaining cards from the automated dealing shoe and, following the procedures in § 647a.9(a)(2) (relating to procedure for dealing the cards from the hand), deal from his hand the five community cards in accordance with § 647a.11(c), (e) and (f) (relating to procedure for completion of each round of play). After all five community cards have been dealt, the dealer shall, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(g) Notwithstanding the requirements in subsections (b) and (c), if a certificate holder is utilizing an automated dealing shoe which automatically reshuffles the cards, the five community cards may be dispensed before the two cards are dispensed to each player and to the dealer. The community cards shall then be revealed in accordance with § 647a.11(c), (e) and (f).

§ 647a.11. Procedure for completion of each round of play.

(a) After the dealing procedures required under § 647a.8, § 647a.9 or § 647a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe) have been completed, each player shall examine his cards subject to the following limitations:

(1) Each player who wagers at Texas Hold 'Em Bonus Poker shall be responsible for his own hand and no person other than the dealer and the player to whom the cards were dealt may touch the cards of that player.

(2) Each player shall keep his cards in full view of the dealer at all times.

(b) After each player has examined his cards, the dealer shall, beginning with the player farthest to the dealer's left and moving clockwise around the table, ask each player if he wishes to place a Flop Wager prior to the dealing of the Flop. The player may either fold or place a Flop Wager equal to twice the amount of the player's Ante Wager. If a player:

(1) Places a Flop Wager, the wager shall be placed in the area designated for the Flop Wager.

(2) Folds, the player's Ante Wager shall be collected by the dealer and placed in the table inventory container. If the player:

(i) Has also placed a Texas Hold 'Em Bonus Wager, the dealer shall place the cards of the player face down underneath the Texas Hold 'Em Bonus Wager pending its resolution at the conclusion of the round of play.

(ii) Has not placed a Texas Hold 'Em Bonus Wager, the dealer shall immediately collect the player's cards and place them in the discard rack.

(c) After each player has either placed a Flop Wager or folded, the dealer shall burn the next card. The dealer shall then deal the Flop face up to the designated area for the community cards.

(d) After the Flop has been dealt, the dealer shall, beginning with the player farthest to the dealer's left who has placed a Flop Wager and moving clockwise around the table, ask each player who has placed a Flop Wager if he wishes to place a Turn Wager prior to the dealing of the turn card. The player may either check and remain in the game or place a Turn Wager in an amount equal to the player's Ante Wager.

(e) Once all remaining players have either placed a Turn Wager or checked, the dealer shall burn the next card. The dealer shall then deal the turn card face up to the designated area for the community cards.

(f) After the Flop and turn cards have been dealt, the dealer shall, beginning with the player farthest to the dealer's left who has placed a Flop Wager and moving clockwise around the table, ask each player if he wishes to place a River Wager prior to the dealing of the River card. The player may either check and remain in the game or place a River Wager in an amount equal to the player's Ante Wager.

(g) Once all remaining players have either placed a River Wager or checked, the dealer shall burn the next card face down. The dealer shall then deal the River card face up to the designated area for the community cards.

(h) After the five community cards have been dealt, the dealer shall remove the cover card on top of the dealer's cards and turn his two cards face up on the layout. The dealer shall then select five cards using the dealer's two cards and the five community cards to form the highest ranking five-card poker hand. After the dealer's cards are turned face up, the dealer shall, beginning with the player farthest to the dealer's right who has placed a Flop Wager and continuing around the table in a counterclockwise direction, complete the following applicable procedures in succession for each player:

(1) The dealer shall turn the two cards of each player who has placed a Flop Wager face up on the layout.

(2) The dealer shall examine the cards of the player and select the five cards using the player's two cards and the five community cards to form the highest ranking five-card poker hand. The wagers of each player shall be

resolved one player at a time regardless of outcome. If a player's five card poker hand:

(i) Is ranked lower than the dealer's five-card poker hand, the dealer shall immediately collect the Ante, Flop, Turn and River Wagers made by the player.

(ii) Is ranked higher than the dealer's five-card poker hand, the dealer shall pay the Ante, Flop, Turn and River Wagers in accordance with the payout odds in § 647a.12 (relating to payout odds; payout limitation) provided, however, that the player's Ante Wager will be returned if the player's winning hand is not a straight or higher or a flush or higher as specified in the certificate holder's Rules Submission under § 601a.2 (relating to table games Rules Submissions).

(iii) Is equal in rank to the dealer's five-card hand, the dealer shall return the player's Ante, Flop, Turn and River Wagers.

(3) After settling a player's Ante, Flop, Turn and River Wagers, the dealer shall settle any Texas Hold 'Em Bonus Wager made by the player by determining whether the player's two cards qualify for a payout in accordance with § 647a.12(b).

(i) After all wagers have been settled, the dealer shall remove all remaining cards from the table and place them in the discard rack in a manner that permits the reconstruction of each hand in the event of a question or dispute.

§ 647a.12. Payout odds; payout limitation.

(a) A certificate holder shall pay winning Ante, Flop, Turn and River Wagers at odds of 1 to 1.

(b) A certificate holder shall pay out winning Texas Hold 'Em Bonus Wager at the odds in one of the following payout tables selected by the certificate holder in its Rules Submission filed in accordance with § 601a.2 (relating to table games Rules Submissions):

<i>Hand</i>	<i>Paytable A</i>	<i>Paytable B</i>
Ace-ace (dealer and player)	1,000 to 1	N/A
Ace-ace	30 to 1	30 to 1
Ace-king (same suit)	25 to 1	25 to 1
Ace-queen or ace-jack (same suit)	20 to 1	20 to 1
Ace-king (different suits)	15 to 1	15 to 1
King-king, queen-queen or jack-jack	10 to 1	10 to 1
Ace-queen or ace-jack (different suits)	5 to 1	5 to 1
A pair of 10-10 through 2-2	3 to 1	3 to 1

(c) Notwithstanding the payout odds in subsections (a) and (b), the maximum aggregate payout limit on all winning Ante, Flop, Turn, River and Texas Hold 'Em Bonus Wagers for any hand shall be \$50,000 or the maximum amount that one patron could win per round when betting the minimum wager, whichever is greater.

§ 647a.13. Irregularities.

(a) A card that is found face up in the shoe or the deck while the cards are being dealt may not be used in that round of play and shall be placed in the discard rack. If more than one card is found face up in the shoe or the deck during the dealing of the cards, all hands shall be void, all wagers shall be returned to the players and the cards shall be reshuffled. Notwithstanding the foregoing, if the cards are found face up after each player and the dealer have received their initial two cards, any Texas

Hold 'Em Bonus Wager shall be settled in accordance with the payout odds in § 647a.12(b) (relating to payout odds; payout limitation).

(b) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe or the deck.

(c) If any player, the dealer or the area designated for the placement of the community cards is dealt an incorrect number of cards, all hands shall be void, all wagers shall be returned to the players and the cards shall be reshuffled.

(d) If either of the cards dealt to the dealer in Texas Hold 'Em Bonus Poker is inadvertently exposed prior to each player having either folded or placed a Flop, Turn or River Wager as provided for under § 647a.11 (relating to procedure for completion of each round of play), all hands shall be void and all Ante, Flop, Turn and River Wagers shall be returned to the players and the cards shall be reshuffled. Notwithstanding the foregoing, if a player has placed a Texas Hold 'Em Bonus Wager, the wager shall be settled in accordance with the payout odds in § 647a.12(b).

(e) If an automated card shuffling device is being used and the device jams, stops shuffling during a shuffle or fails to complete a shuffle cycle, the cards shall be reshuffled.

(f) If an automated dealing shoe is being used and the device jams, stops dealing cards or fails to deal cards during a round of play, the round of play shall be void, all wagers shall be returned to the players and the cards shall be removed from the device and reshuffled with any cards already dealt.

(g) If an automated card shuffling device or automated dealing shoe malfunctions and cannot be used, the automated card shuffling device or automated dealing shoe must be covered or have a sign indicating that the automated card shuffling device or automated dealing shoe is out of order placed on the device before any other method of shuffling or dealing may be utilized at that table.

SUSQUEHANNA RIVER BASIN COMMISSION

[25 PA. CODE CH. 806]

Review and Approval of Projects

Summary: This document contains proposed rules that would amend the project review regulations of the Susquehanna River Basin Commission (Commission) to: Include definitions for new terms that are used in the proposed rulemaking; provide for administrative approval of interbasin transfers of flowback and production fluids between drilling pad sites that are isolated from the waters of the basin; provide for administrative approval of out-of-basin transfers of flowback or produced fluids from a Commission approved hydrocarbon development project to an out-of-basin treatment or disposal facility; insert language authorizing "renewal" of expiring approvals, including Approvals by Rule (ABRs); delete specific references to geologic formations that may be the subject

of natural gas development using hydrofracture stimulation and replace with a generic category—"unconventional natural gas development;" broaden the scope of ABRs issued to include hydrocarbon development of any kind utilizing the waters of the basin, not just unconventional natural gas well development; memorialize the current practice of requiring post-hydrofracture reporting; standardize at 15 years the term of ABR approvals for both gas and non-gas projects; and provide further procedures for the approval of water sources utilized at projects subject to the ABR process.

Dates: Comments on these proposed rules may be submitted to the Commission on or before August 23, 2011. The Commission has scheduled two public hearings on the proposed rules, to be held August 2, 2011, in Harrisburg, Pennsylvania, and August 4, 2011, in Binghamton, New York. The locations of the public hearings are listed in the addresses section of this notice.

Addresses: Comments may be mailed to: Mr. Richard A. Cairo, Susquehanna River Basin Commission, 1721 N. Front Street, Harrisburg, PA 17102-2391, or by email to rcairo@srbc.net.

The public hearings will be held on Tuesday, August 2, 2011, at 10:00 a.m., at the Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101, and on Thursday, August 4, 2011 at 7:00 p.m., at the Holiday Inn Binghamton Downtown, 2-8 Hawley Street, Binghamton, New York 13901. Those wishing to testify are asked to notify the Commission in advance, if possible, at the regular or electronic addresses given below.

For Further Information Contact: Richard A. Cairo, General Counsel, telephone: 717-238-0423, ext. 306; fax: 717-238-2436; e-mail: rcairo@srbc.net. Also, for further information on the proposed rulemaking, visit the Commission's web site at www.srbc.net.

Supplementary Information

Background and Purpose of Amendments

The basic purpose of the regulatory amendments set forth in this proposed rulemaking is to make further modifications to the Commission's project review regulations, most of which relate to the approval of hydrocarbon development projects.

New terms are used in these amendments that require further definition in 18 CFR § 806.3. These include definitions for the terms flowback, formation fluids, hydrocarbon development, hydrocarbon water storage facility, production fluids, tophole water, and unconventional natural gas development.

In order to encourage the reuse of least quality water instead of fresh water for hydraulic fracturing by unconventional natural gas development, the Commission proposes to add paragraph (a)(3)(iv) to § 806.4, which would provide for administrative approval of diversions involving flowback or production fluids from hydrocarbon development projects being transferred across the basin boundary from one drilling pad site to another drilling pad site, provided this water is handled in a manner that isolates it from the waters of the basin. Such diversions would be approved administratively under the provisions of § 806.22(f), rather than § 806.4. This change would incorporate into the regulation a policy adopted by the Commission on March 10, 2011.

To encourage reuse, treatment and proper disposal, paragraph (a)(3)(v) of § 806.4 would also be added, which would provide for diversions involving flowback or production fluids transferred to an out-of-basin treatment or disposal facility operating under separate governmental

approval to be subject to administrative approval under the provisions of § 806.22(f), rather than being subject to docket approval under § 806.4.

Currently, § 806.4(a)(8) states that natural gas well development projects targeting the Marcellus and Utica shale formation, or any other shale formations identified in an Executive Director determination, involving a withdrawal, diversion or consumptive use of water in any quantity, must be approved by the Commission. Rather than attempting to name every possible geologic formation that may be the subject of development using hydrofracture stimulation (beyond Marcellus and Utica and the additional formations referenced in the Executive Director's recent Notice of Determination issued on April 21, 2011), the specific formation references would be deleted and replaced with a generic category—"unconventional natural gas development," which relates to the extraction of gaseous hydrocarbons from low permeability geologic formations utilizing enhanced drilling, stimulation and recovery techniques. The "gallon one" regulatory threshold currently applicable under the regulations to gas well development in the specifically named formations would instead be extended to this broader category.

Language is inserted into §§ 806.13 and 14 authorizing "renewal" of expiring approvals, including Approvals by Rule (ABRs). Currently, the regulations have no specific reference to a "renewal" process for expiring approvals. Renewals are also provided for in additions to § 806.22(e)(6) and (f)(9).

Adjustments are made to § 806.15—Notice of Application to account for changes and additions to § 806.22(f) described below relating to source registrations and administrative approvals of sources.

Currently, § 806.22(f) establishes an ABR process for consumptive use approvals related to natural gas well development. The Commission proposes to broaden the scope of ABRs issued under § 806.22(f) to include hydrocarbon development of any kind utilizing the waters of the basin, not just unconventional natural gas well development. Rather than requiring such projects to go through review and docket approval under § 806.4, they would be regulated under the administrative ABR process for consumptive use approvals, which has become a very effective mechanism for managing this type of activity. The inclusion of "unconventional natural gas well development" as a subcategory of hydrocarbon development retains coverage of well development using unconventional stimulation or recovery techniques such as hydraulic fracturing under the ABR process.

Proposed § 806.22(f)(4) would clarify that post-hydrofracture reporting is intended to be included in the metering, daily use monitoring and quarterly reporting requirement specified in § 806.30. This would memorialize an ongoing practice of the Commission.

Proposed § 806.22(f)(8) would broaden the certification provided by project sponsors on their compliance with state and federal laws to include "re-use" as well as treatment and disposal of flowback and production fluids.

Revised § 806.22(f)(9) would extend the concept of "renewal" to an existing ABR, where it is not explicitly mentioned in the current regulations.

The current regulations only provide a 4-year duration for natural gas development project ABRs. This relatively short approval term was implemented to give the Commission a near-term opportunity to evaluate the use of an administrative approval process for natural gas-related consumptive use activity. Revised § 806.22(f)(10) would

extend the term of an approval by rule from 4 years to 15 years from the date of notification by the Executive Director, reflecting the knowledge and experience gained by the Commission in reviewing natural gas development projects. A 15-year term is the standard approval term for all other ABRs.

Water source approvals under the hydrocarbon development ABR program are restructured in three ways. First, language would be inserted in § 806.22(f)(11) to identify water sources that are authorized for use by operation of the rule, rather than by separate approval. These sources would continue to be subject to tracking, recordkeeping and reporting requirements. The existing provisions of § 806.22(f)(12) would be split apart, resulting in revised language and the creation of a new § 806.22(f)(13). As revised, § 806.22(f)(12) sets out the registration procedure for hydrocarbon developers to use a source of water approved by the Commission pursuant to § 806.4(a) and issued to persons other than the project sponsor. The new § 806.22(f)(13) authorizes approvals for sources, including, but not limited to public water supplies, wastewater, and hydrocarbon water storage facilities not otherwise associated with docket approvals issued by the Commission or ABRs issued by the Executive Director. By issuing approvals for such hydrocarbon water storage facilities, a tracking mechanism would be created authorizing use of these sources by operation of the rule, rather than needing individual registrations or approvals. Such an approach provides the necessary management controls.

List of Subjects in 18 CFR Part 806

Administrative practice and procedure, Water resources.

Accordingly, for the reasons set forth in the preamble, the Susquehanna River Basin Commission proposes to amend 18 CFR Part 806 as follows:

Part 806—Review and Approval of Projects

Subpart A—General Provisions

1. The authority citation for Part 806 continues to read as follows:

Authority: Secs. 3.4, 3.5(5), 3.8, 3.10 and 15.2, Pub. L. 91-575, 84 Stat. 1509 et seq.

2. Amend § 806.3 by adding definitions for "Flowback", "Formation fluids", "Hydrocarbon development", "Production fluids", "Project", "Tophole water", and "Unconventional natural gas development" to read as follows:

§ 806.3—Definitions.

* * * * *

Flowback. The return flow of water and formation fluids recovered from the well bore of an unconventional natural gas or hydrocarbon development well within 30 days following the release of pressures induced as part of the hydraulic fracture stimulation of a target geologic formation, or until the well is placed into production, whichever occurs first.

Formation fluids. Fluids in a liquid or gaseous physical state, present within the pore spaces, fractures, faults, vugs, caverns, or any other spaces of formations, whether or not naturally occurring or injected therein.

* * * * *

Hydrocarbon development. Activity associated with the siting, drilling, casing, cementing, stimulation and completion of wells, including but not limited to uncon-

ventional natural gas development wells, undertaken for the purpose of extraction of liquid or gaseous hydrocarbon from geologic formations.

Hydrocarbon water storage facility. An engineered barrier or structure, including but not limited to tanks, pits or impoundments, constructed for the purpose of storing water, flowback or production fluids for use in hydrocarbon development.

* * * * *

Production fluids. Water or formation fluids recovered at the wellhead of a producing hydrocarbon well as a by-product of the production activity.

Project. Any work, service, activity, or facility undertaken, which is separately planned, financed or identified by the Commission, or any separate facility undertaken or to be undertaken by the Commission or otherwise within a specified area, for the conservation, utilization, control, development, or management of water resources, which can be established and utilized independently, or as an addition to an existing facility, and can be considered as a separate entity for purposes of evaluation. For purposes of hydrocarbon development activity, the project shall be considered to be the drilling pad upon which one or more exploratory or production wells are undertaken, and all water-related appurtenant facilities and activities related thereto.

* * * * *

Tophole water. Groundwater that is encountered collected at the surface during drilling operations undertaken in conjunction with hydrocarbon development.

Unconventional natural gas development. Activity associated with the siting, drilling, casing, cementing, stimulation and completion of wells undertaken for the purpose of extraction of gaseous hydrocarbons from low permeability geologic formations utilizing enhanced drilling, stimulation or recovery techniques.

* * * * *

3. In § 806.4, revise paragraph (a)(3) introductory text, add paragraphs (a)(3)(v) and (a)(3)(vi), and revise paragraph (a)(8), as follows:

§ 806.4—Projects Requiring Review and Approval

(a) * * *

(3) Diversions. Except with respect to agricultural water use projects not subject to the requirements of paragraph (a)(1) of this section, the projects described in paragraphs (3)(i) through (3)(iv) below shall require an application to be submitted in accordance with § 806.13, and shall be subject to the standards set forth in § 806.24. The project sponsors of out-of-basin diversions shall also comply with all applicable requirements of this part relating to consumptive uses and withdrawals. The projects identified in paragraphs (3)(v) and (3)(vi) below shall be subject to regulation pursuant to § 806.22(f).

* * * * *

(v) The interbasin diversion of any flowback or production fluids from hydrocarbon development projects from one drilling pad site to another drilling pad site for use in hydrofracture stimulation, and handled in such a manner as to isolate it from the waters of the basin, shall not be subject to separate review and approval as a diversion under this paragraph if the generating or receiving pad site is subject to an Approval by Rule issued pursuant to § 806.22(f).

(vi) The out-of-basin diversion of flowback or production fluids from a hydrocarbon development project for which an Approval by Rule has been issued pursuant to § 806.22(f), to an out-of-basin treatment or disposal facility authorized under separate governmental approval to accept the same, shall not be subject to separate review and approval as a diversion under this paragraph.

* * * * *

(8) Any unconventional natural gas development project in the basin involving a withdrawal, diversion or consumptive use, regardless of the quantity.

* * * * *

Subpart B—Application Procedure

4. Revise § 806.13, as follows:

§ 806.13—Submission of Application

Project sponsors of projects subject to review and approval of the Commission under §§ 806.4, 806.5 or 806.6, or project sponsors seeking renewal of an existing approval of the Commission, shall submit an application and applicable fee to the Commission, in accordance with this subpart.

5. In § 806.14, revise paragraph (a), as follows:

§ 806.14—Contents of Application

(a) Except with respect to applications to renew an existing Commission approval, applications shall include, but not be limited to, the following information and, where applicable, shall be submitted on forms and in the manner prescribed by the Commission. Renewal applications shall include such information that the Commission determines to be necessary for the review of same, and shall likewise be submitted on forms and in the manner prescribed by the Commission.

* * * * *

6. In § 806.15, revise paragraphs (d), (e) and (f) and add paragraph (g), as follows:

§ 806.15—Notice of Application

* * * * *

(d) For applications submitted under § 806.22(f)(13) for a public water supply source, the newspaper notice requirement contained in paragraph (a) of this section shall be satisfied by publication in a newspaper of general circulation in the area served by the public water supply.

(e) For applications submitted under § 806.22(f)(13) for a wastewater discharge source, the newspaper notice requirement contained in paragraph (a) of this section shall be satisfied by publication in a newspaper of general circulation in each area within which the water obtained from such source will be used for natural gas development.

(f) For applications submitted under § 806.22(f)(13) for a hydrocarbon water storage facility, the newspaper notice requirement contained in paragraph (a) of this section shall be satisfied by publication in a newspaper of general circulation in the area in which the project is located.

(g) The project sponsor shall provide the Commission with a copy of the United States Postal Service return receipt for the notifications to agencies of member States, municipalities and county planning agencies required under paragraph (a) of this section. The project sponsor

shall also provide certification on a form provided by the Commission that it has published the newspaper notice(s) required by this section and made the landowner notifications as required under paragraph (b) of this section, if applicable. Until these items are provided to the Commission, processing of the application will not proceed. The project sponsor shall maintain all proofs of notice required hereunder for the duration of the approval related to such notices.

Subpart C—Standards for Review and Approval

7. In § 806.22, revise paragraphs (e)(1), (e)(6), (f), (f)(1), (f)(4), (f)(8), (f)(9), (f)(10), (f)(11), and (f)(12), and add paragraph (f)(13), to read as follows:

§ 806.22—Standards for consumptive uses of water

* * * *

(e) * * *

(1) Except with respect to projects involving hydrocarbon development subject to the provisions of paragraph (f) of this section, any project whose sole source of water for consumptive use is a public water supply, may be approved by the Executive Director under this paragraph (e) in accordance with the following, unless the Executive Director determines that the project cannot be adequately regulated under this approval by rule.

* * * *

(6) The Executive Director may grant, deny, suspend, rescind, modify or condition an approval to operate under this approval by rule, or renew an existing approval by rule previously granted hereunder, and will notify the project sponsor of such determination, including the quantity of consumptive use approved.

* * * *

(f) Approval by rule for consumptive use related to unconventional natural gas and other hydrocarbon development.

(1) Any unconventional natural gas development project, or any hydrocarbon development project subject to review and approval under §§ 806.4, 806.5, or 806.6 of this part, shall be subject to review and approval by the Executive Director under this paragraph (f) regardless of the source or sources of water being used consumptively.

* * * *

(4) The project sponsor shall comply with metering, daily use monitoring and quarterly reporting as specified in § 806.30, or as otherwise required by the approval by rule. Daily use monitoring shall include amounts delivered or withdrawn per source, per day, and amounts used per gas well, per day, for well drilling, hydrofracture stimulation, hydrostatic testing, and dust control. The foregoing shall apply to all water, including stimulation additives, flowback and production fluids, utilized by the project. The project sponsor shall also submit a post-hydrofracture report in a form and manner as prescribed by the Commission.

* * * *

(6) Any flowback or production fluids utilized by the project sponsor for hydrofracture stimulation undertaken at the project shall be separately accounted for, but shall not be included in the daily consumptive use amount calculated for the project, or be subject to the mitigation requirements of § 806.22(b).

* * * *

(8) The project sponsor shall certify to the Commission that all flowback and production fluids have been re-used or treated and disposed of in accordance with applicable state and federal law.

(9) The Executive Director may grant, deny, suspend, rescind, modify or condition an approval to operate under this approval by rule, or renew an existing approval by rule granted hereunder, and will notify the project sponsor of such determination, including the sources and quantity of consumptive use approved. The issuance of any approval hereunder shall not be construed to waive or exempt the project sponsor from obtaining Commission approval for any water withdrawals or diversions subject to review pursuant to § 806.4(a). Any sources of water approved pursuant to this section shall be further subject to any approval or authorization required by the member State.

(10) An approval by rule shall be effective upon written notification from the Executive Director to the project sponsor and shall expire 15 years from the date of such notification.

(11) A project sponsor issued an approval by rule pursuant to paragraph (f)(9) of this section may utilize any of the following water sources at the drilling pad site:

(i) Water sources approved for use by the project sponsor for unconventional natural gas development, or hydrocarbon development, whichever is applicable, pursuant to § 806.4 or this section.

(ii) Tophole water encountered during the drilling process.

(iii) Precipitation or stormwater collected on the drilling pad site.

(iv) Flowback or production fluids obtained from a hydrocarbon water storage facility, provided it is used for hydrofracture stimulation only, and is handled in such a manner as to isolate it from the waters of the basin.

(v) Water obtained from a hydrocarbon water storage facility associated with an approval issued by the Commission pursuant to § 806.4(a) or by the Executive Director pursuant to this section.

(12) A project sponsor issued an approval by rule pursuant to paragraph (f)(9) of this section may utilize a source of water approved by the Commission pursuant to § 806.4(a) and issued to persons other than the project sponsor, provided any such source is approved for use in unconventional natural gas development, or hydrocarbon development, whichever is applicable, the project sponsor has an agreement for its use, and at least 10 days prior to use, the project sponsor registers such source with the Commission on a form and in a manner as prescribed by the Commission. The project sponsor shall also provide a copy of same to the appropriate agency of the member State. The project sponsor shall record on a daily basis, and report quarterly on a form and in a manner prescribed by the Commission, the quantity of water obtained from any source registered hereunder.

(13) A project sponsor issued an approval by rule pursuant to paragraph (f)(9) of this section may also utilize other sources of water, including but not limited to, public water supply, wastewater discharge, or a hydrocarbon water storage facility not otherwise associated with an approval issued by the Commission pursuant to § 806.4(a) or an approval by rule issued pursuant to

paragraph (f)(9) of this section, provided such sources are first approved by the Executive Director. Any request for approval shall be submitted on a form and in a manner as prescribed by the Commission, shall satisfy the notice requirements set forth in § 806.15, and shall be subject to review pursuant to the standards set forth in subpart C of this part. Any approval issued hereunder shall be subject to such monitoring and reporting requirements as may be contained therein.

Notice Regarding Mortgage Licensing Act License Record Retention Period

Section 6135(a)(2) of the Mortgage Licensing Act (7 Pa.C.S. § 6135(a)(2)) provides that all Mortgage Licensing Act licensee records "shall be preserved and kept available for investigation or examination by the department for a period determined by the department." The Department of Banking has determined that the period

for preserving records by licensees under Section 6135(a)(2) of the Mortgage Licensing Act is a minimum of four (4) years. The Department reserves the right to require a licensee to preserve records for a longer period if circumstances should warrant.

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

STATE CONSERVATION COMMISSION

NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*.

Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board. Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop

and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

HAZARDOUS WASTE TREATMENT, STORAGE OR DISPOSAL FACILITIES

Applications received, withdrawn, denied, or returned under the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003) and Regulations to Operate a Hazardous Waste Treatment, Storage, or Disposal Facility.

Application Received with Comment Period:

WMGR097, Beneficial Use General Permit, Permit Application. An application for the beneficial use of residual waste was received in DEP's Central Office on June 9, 2011, and was found to be administratively complete as of June 17, 2011. The facility is known as Wayward Tire Processing, located at 2348 West 13th Street, Tyrone, PA 16686.

Wayward Tire Processing proposes to operate a mobile tire shredding and hauling business, where a truck equipped with a patent-pending shredder will go directly to the used tire sites such as gas stations and tire businesses. The operation proposes to shred tires at various tire generation sites, then transporting tire shreds directly to end-use processing sites. Beneficial uses may include processing tire shreds into new, recycled commercial products or for use as tire-derived fuel.

Comments concerning the application should be directed to Scott E. Walters, Chief, General Permits/Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472, 717-787-7381. TDD users may contact the Department through the Pennsylvania Relay service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

RESIDUAL WASTE GENERAL PERMITS

Application(s) received Under the Solid Waste Management Act; the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P.S. §§ 4000.101—4000.1904); and Residual Waste Regulations for a General Permit to Operate Residual Waste Processing Facilities and the Beneficial Use of Residual Waste other than Coal Ash.

The application was deemed administratively complete by the Regional Office on July 6, 2011.

Comments concerning the application should be directed to Diane McDaniel, Environmental Engineering Manager, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222-4745. Persons interested in obtaining more information about the general permit application may contact the DEP Southwest Regional Office at 412-442-4000. TDD users may contact

the Department through the Pennsylvania Relay service, (800) 654-5984. Public comments must be submitted within 30 days of this notice and may recommend revisions to, and approval or denial of the application.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401–7671q) and regulations adopted under the Federal Clean Air Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001–4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

46-0005AH: Merck, Sharp & Dohme Corp. (770 Sumneytown Pike, West Point, PA 19486) in Upper Gwynedd Township, **Montgomery County** to transfer and use 81.0 tons of VOC Emission Reduction Credits (ERCs) as emission offsets for current projects under 25 Pa. Code § 127.208(2). The 81.0 tons of VOC ERCs are the result of the shutdown of sources at the Minnesota Mining and Manufacturing Co. (3M), Bristol Township, **Bucks County**. Merck, Sharp & Dohme, Corp. is a major facility subject to the emission offset requirements of 25 Pa. Code Chapter 127, Subchapter E. This plan approval authorizes an increase in VOC emissions from 24.993 to 60.693 tons per year. The current projects of this plan approval are the increase in production and corresponding disinfection operations for the Chickenpox/Shingles and Rotavirus vaccines. There will be no air pollution control devices and air emissions will be controlled through the use of on-going good manufacturing and operating practices. Appropriate monitoring and recordkeeping requirements have been incorporated into this plan approval.

28-05002G: Letterkenny Army Depot—US Department of Defense (One Overcash Avenue, Chambersburg, PA 17201) for a revision to the Metal Pretreatment Acid Wash VOC emission limit contained in their Reasonably Available Control Technology Plan (RACT) Plan and Title-V operating permit at the facility in Greene / Letterkenny Townships, **Franklin County**.

In accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to the abovementioned company and has made a preliminary determination to approve a revised Reasonably Available Control Technology (RACT) plan and a proposed SIP revision for the abovementioned project. This plan approval may be incorporated into the company's facility-wide permit via an administrative amendment at a later date.

Plan Approval 28-05002G is for a revision to the Metal Pretreatment Acid Wash VOC emission limit contained in Letterkenny's Title-V operating permit and Reasonably Available Control Technology (RACT) Plan. The revision involves increasing allowable Metal Pretreatment Acid Wash VOC emissions under Source ID 148 in their Title-V permit by 5.3 tons for a maximum total of 8.0 tons per each 12-month consecutive period at the facility. The proposed project will incorporate Reasonably Available Control Technology (RACT) with the use of High Volume Low Pressure (HVLP) coating application equipment and other work practices designed to minimize VOC emissions. The company shall be subject to and comply with the relevant provisions of Title 25 of the Pa. Code including chapters 123, 127, and 129. The Plan Approval and Operating permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements. The proposed SIP revision does not adopt any new regulations. It incorporates the requirements that include emission limitations for the significant VOC sources at the facility.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at DEP's Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110-8200.

A person may oppose the proposed plan approval, or may provide the Department with additional information to consider in its review, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

Mr. Daniel C. Husted may be contacted at 717-705-4863, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

Plan approvals issues to sources identified in 25 Pa. Code § 127.44(b)(1)—(4) or plan approvals issued to sources with limitations on the potential to emit may become part of the SIP, and will be submitted to EPA for review and approval.

08-00031B: Appalachia Midstream Services, LLC (6100 North Western Avenue, Oklahoma City OK 73118-1044) for construction of two (2), additional compressor-engines and one (1) additional dehydration unit at their Granville No. 2 Compressor Station in Granville Township, **Bradford County**.

The Department of Environmental Protection's (Department) review of the information submitted by Appalachia indicates that the engine-compressors to be constructed will comply with applicable regulatory requirements pertaining to air contamination sources. These requirements include the best available technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12 as well as the Standards of Performance for Stationary Spark Ignition Internal Combustion Engines specified in 40 CFR 60, Subpart JJJJ. Pursuant to the requirements of BAT, the engine-compressors are restricted to emit emissions for the following pollutants at a rate above; 0.50 g/Bhp-hr for NO_x, 0.19 g/Bhp-hr for CO, 0.13 g/Bhp-hr for NMNEHC, and 0.04 g/Bhp-hr for formaldehyde. To demonstrate compliance with these limitations, Appalachia will be required to conduct EPA reference method testing on each engine's exhaust for NO_x, CO, VOC, and CH₂O emissions. Continuous compliance demonstration will include monitoring of operational parameters of the catalyst and EPA reference method testing for NO_x and CO on an approximate annual basis.

Each engine-compressor has a site rating of 1775 Bhp and a maximum heat input equal to 12.00 MMBtu/hr. The compressor-engines are required to use only pipeline quality natural gas as fuel for operation. Based on the findings above, the Department proposes to issue a plan approval with annual emission restrictions as well as monitoring, recordkeeping, reporting, and work practice requirements for the proposed construction as summarized below.

The air contaminate emissions from all sources at the proposed compressor station will be restricted to the following annual 12 consecutive month limitations; 88.3 tpy for NO_x, 45.2 tpy for VOC, and 6.8 tpy for formaldehyde. Compliance requirement for these annual limitations include monthly recordkeeping of actual emissions from each source at the proposed station.

In addition to the emission limitations above, the following is a summary of the types of conditions the Department intends to place in Plan Approval 08-00031B to ensure compliance with applicable Federal and State regulatory requirements including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12.

Monitoring requirement to take representative samples of gas into the station or recordkeeping of fuel certification by fuel tariff sheets, purchase contract, or transportation contract.

Monitoring requirement for the inlet and outlet exhaust temperature of catalysts and recordkeeping of these parameters to demonstrate continuous compliance with the destruction efficiency of the catalyst.

Recordkeeping requirements catalyst replacement and service information.

Recordkeeping requirement for engine-compressors' gas usage and operational hours.

Work practice requirement to construct and operate in accordance with the manufacturer's recommendations and good air pollution control practices.

A requirement to limit the emission of malodors to level undetectable outside the property.

A requirement to restrict fugitive emissions from the compressor station across property boundaries.

A copy of the plan approval application and the Department's review is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office. Appointments for scheduling a review may be made by calling the Department at 570-327-3693. Written comments or requests for a public hearing shall be directed to Muhammad Q. Zaman, Environmental Program Manager, Air Quality Program, Department of Environmental Protection, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-3648 within 30 days of the publication date for this notice.

49-00047B: Furman Foods, Inc (PO Box 500, 770 Cannery Road, Northumberland PA 17857-0500) for installation of carbon filter technology on the biogas treatment system associated with an anaerobic digester. The anaerobic digester (Source ID P201 was permitted under Plan Approval 49-00047A for the wastewater treatment plant upgrade at the facility located in Point Township, **Northumberland County**. The new carbon filter technology will scrub the biogas sent to the engine to remove hydrogen sulfide.

The Department of Environmental Protection's (Department) review of the information submitted by Furman Foods, Inc. indicates that the digester and the proposed air cleaning device will comply with applicable regulatory requirements pertaining to air contamination sources including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the installation proposed above.

The hydrogen sulfide (H₂S) emissions from the digester will be controlled by at least 99% or to an amount no greater than 25 ppm (whichever is greater). In addition to this emission limitations, the following is a summary of the types of conditions the Department intends to place in Plan Approval 49-00047B to ensure compliance with applicable Federal and State regulatory requirements including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12.

Monitoring requirement for H₂S at the inlet and outlet to the carbon filter (ID FILTER).

Daily observations of the condensate drains on each vessel associated with ID FILTER for excess moisture which may foul the carbon filter.

Recordkeeping of the H₂S readings from the performance of monitoring.

A copy of the plan approval application and the Department's review is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office. Appointments for scheduling a review may be made by calling the Department at 570-327-3693. Written comments or requests for a public hearing shall be directed to Muhammad Q. Zaman, Environmental Program Manager, Air Quality Program, Department of

Environmental Protection, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-0512 within 30 days of the publication date for this notice.

53-00001F: Tennessee Gas Pipeline Company (1001 Louisiana Street, PO Box 2511, Houston TX 77252-2511) for the existing installation of an oxidation catalyst on an existing reciprocating internal combustion engine located at Station 313 in Hebron Township, **Potter County**. The respective facility is a major facility and operates under Title V Operating Permit 53-00001.

The Department's review of the information contained in the application indicates that the installation of the oxidation catalyst meets all applicable air quality regulatory requirements pertaining to air contamination sources and the emission of air contaminants. Based on these findings, the Department intends to issue a plan approval for the installation of an oxidation catalyst. Additionally, if the Department determines that the respective control device is operating in compliance with all plan approval conditions, the conditions established in the plan approval will be incorporated into Title V Operating Permit 53-00001 via an administrative amendment pursuant to 25 Pa. Code § 127.450.

All applicable regulatory requirements relating to fugitive, visible, and malodorous emissions standards and additional requirements regarding malfunctions, testing, monitoring, recordkeeping, and reporting have been included in the proposed plan approval. In addition to the above requirements, the following is a list of conditions that the Department proposes to place in the plan approval to ensure compliance with all applicable regulatory requirements:

1. Pursuant to 25 Pa. Code § 127.12b, the permittee shall equip control device ID C111 with instrumentation to monitor pressure drop across control device ID C111 and the inlet gas temperature of control device ID C111 and shall monitor these parameters on a continuous basis.

2. Pursuant to 25 Pa. Code § 127.12b, the permittee shall keep records of the following information:

(1) The number of hours that source ID P111 is operated on a monthly basis.

(2) The test report and/or supporting calculations used to verify compliance with the nitrogen oxides, particulate matter, and sulfur oxides emissions limitations for Source ID P111.

(3) 4-hour averages of the inlet temperature of control device ID C111.

(4) 1-hour averages of the pressure drop across control device ID C111.

(5) The analysis report(s) of the investigation(s) conducted when the pressure drop increased above the established limit based upon pressure drop data collected during testing.

(6) The date and the total hours of operation of source ID P111 at the time of the catalyst replacement and/or cleaning.

(7) The manufacturer's recommended timeline and frequency of catalyst replacement and/or cleaning.

These records shall be kept for a minimum of five (5) years and shall be made available to the Department upon request.

3. Pursuant to 25 Pa. Code § 127.12b, the permittee shall construct and operate control device ID C111 in accordance with the manufacturer's specifications and

good air pollution control practices. The permittee shall follow the manufacturer's recommended timeline and frequency for catalyst replacement and cleaning.

4. Pursuant to 25 Pa. Code § 127.12b, the carbon monoxide emissions from source ID P111 shall be controlled by an oxidation catalyst (control device ID C111). The permittee shall not operate source ID P111 without the simultaneous operation of control device ID C111.

A copy of the plan approval application is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at 570-327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Environmental Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-3648.

18-00026C: First Quality Products, Inc. (Clinton County Industrial Park, 121 North Road, McElhatten, PA 17748-0270) for the construction of a Curt G. Joa underpad machine (Line 34) in Wayne Township, **Clinton County**. The emissions from the Curt G. Joa underpad machine will not exceed 0.01 ton of PM, including PM10 and 2.87 tons of VOCs per year. The Department's review of the information contained in the application submitted by First Quality Products, Inc. indicates that the sources and the air-cleaning devices will comply with all applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the best available technology requirements of 25 Pa. Code Sections 127.1 and 127.12, the PM emission limitation of 25 Pa. Code § 123.13, the visible emission limitation of 25 Pa. Code § 123.41.

Based on this finding, the Department proposes to issue a plan approval for the proposed construction. In addition to the emission limitations, the following includes the types of conditions the Department intends to place in the plan approval to ensure compliance with all applicable regulatory requirements including the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12.

Emission and material usage restrictions to limit the emission of PM10 and VOCs.

Control of PM, including PM10 emissions from the underpad machine by installation of a four-stage filter system.

Work practice requirements to install and operate the source and control device with good air pollution control practices.

Recordkeeping and reporting requirements to verify compliance with the emission limitations and all permitting requirements.

A copy of the plan approval application is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office. Appointments for scheduling a review may be made by calling the Department at 570-327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Air Quality Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-3648.

19-00001B: Rieter Automotive North America, Inc. (480 West 5th Street, Bloomsburg, PA 17815-1563), for the proposed modification of Boiler No. 7 (Source ID 033) at their facility located in Bloomsburg Borough, **Colum-**

bia County. The modification is for converting the boiler from burning to fuel oil to burning natural gas. The respective facility is a major facility for which a Title V operating permit (19-00001) has been issued. The modified boiler will have potential to emit CO, SO_x, PM, PM10, PM2.5, and VOC and projected actual emissions of NO_x all below the de minimis levels.

The Department's review of the information contained in the application indicates that the proposed sources will comply with all applicable requirements pertaining to air contamination sources and the emission of air contaminants including the requirements of 25 Pa. Code §§ 123.13, 123.21, 123.31 and 123.41. Based on this finding, the Department intends to issue a plan approval for the proposed modification. Conditions in Title V operating permit 19-00001 will remain in effect unless superseded or amended by this plan approval. Additionally, if the Department determines that the sources are operating in compliance with the plan approval conditions, the conditions established in the plan approval will be incorporated into the operating permit via an administrative amendment under 25 Pa. Code § 127.450.

The Department proposes to place in the plan approval the following conditions to ensure compliance with all applicable regulatory requirements:

1. [Additional authority for this permit condition is derived from 25 Pa. Code Subchapter E and 40 CFR Section 52.21]

The emission of Nitrogen Oxides (NO_x) into the outdoor atmosphere from the Source ID 033 shall not exceed 28.67 tons in any 12 consecutive month period.

2. [This condition supersedes Source ID 033, Condition #004 of the February 1, 2011 Revision of TVOP 19-00001]

Source 033 shall only be fired on natural gas.

3. [Additional authority for this permit condition is derived from 25 Pa. Code Subchapter E and 40 CFR Section 52.21]

The natural gas usage for Source ID 033 shall not exceed 431.2 million cubic feet in any 12 consecutive month period.

4. [Additional authority for this permit condition is derived from 25 Pa. Code §§ 127.511 and 25 Pa. Code Subchapter E and 40 CFR Section 52.21]

To verify compliance with the annual throughput limitation, the permittee shall keep monthly records of the natural gas usage in Source ID 033.

[This condition supersedes Source ID 033, Condition #006 of the February 1, 2011 Revision of TVOP 19-00001]

[Additional authority for this permit condition is derived from 25 Pa. Code §§ 127.511 and 129.95 and 40 CFR 60.48c(g)(2)]

(a) The permittee shall keep records of the following:

(1) the hours Source 033 is operated each month.

(2) the combined usage of each type of fuel oil (No. 4, No. 2, natural gas, etc.) in Sources 032 and 033 each month.

(3) stack test reports.

(b) All records generated pursuant to this condition shall be retained for a minimum of 5 years and shall be made available to the Department upon request.

5. [This condition supersedes Source ID 033, Condition #007 of the February 1, 2011 Revision of TVOP 19-00001]

[Additional authority for this permit condition is derived from 25 Pa. Code § 127.511]

(a) The permittee shall submit semi-annual reports to the Department which list the combined usage of each type of fuel oil (No. 4, No. 2, natural gas etc.) in Sources 032 and 033 each month for each respective six-month period as well as the number of hours Source 033 is operated each month during the respective six-month period.

(b) The semi-annual reports shall be submitted to the Department by no later than September 1 (for the immediately preceding January 1 through June 30 six consecutive month period) and March 1 (for the immediately-preceding July 1 through December 31 six consecutive month period).

6. [This condition supersedes Source ID 033, Condition #008 of the February 1, 2011 Revision of TVOP 19-00001]

Source 033 is a 77 million Btu per hour E. Keeler Model 15118-3, Type DS10-185 natural gas-fired boiler located in Building 18 and identified by the permittee as Boiler #7.

7. [Additional authority for this permit condition is derived from 40 CFR 60.40c—60.48c]

Boiler #7 is subject to Subpart Dc of the Federal Standards of Performance for New Stationary Sources, 40 CFR 60.40c—60.48c. The permittee shall comply with all applicable requirements of this Subpart as well as any other applicable Subpart of the Standards of Performance, including any recordkeeping and reporting requirements.

Copies of the application and the Department's review of the application are available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at 570-327-3693.

Interested persons may submit written comments, suggestions or objections concerning the proposed plan approval to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period should include the name, address and telephone number of the commentator, identification of proposed plan approval number 19-00001B and a concise statement regarding the relevancy of the information or objections to the issuance of the plan approval.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department of Environmental Protection determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Manager, Environmental Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-0512.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact the Department or the Pennsylvania AT&T Relay Service at 800-654-5984 (TDD) to discuss how the Department may accommodate their needs.

65-00629: CBC Latrobe Acquisition, LLC (100 33rd Street, Latrobe, PA 15650-1474) to allow installation and initial temporary operation of a 449,000 gallon/day wastewater pretreatment system at their Latrobe Brewery in the City of Latrobe, **Westmoreland County**.

In accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (DEP) intends to issue Air Quality Plan Approval: PA-65-00629 to allow the installation and initial temporary operation of a 449,000 gallon/day wastewater pretreatment system at the Latrobe Brewery in the City of Latrobe, Westmoreland County. Air contamination sources include a direct fired heater, rated at 2 MMBtu/hr, and a biogas-fired ground flare, rated at 9 MMBtu/hr.

Potential emissions from the facility are estimated to be 3.5 tons of nitrogen oxides (NO_x), 18 tons of carbon monoxide (CO), 2 tons of volatile organic compounds (VOC), 33 tons of sulfur dioxide (SO₂), and 0.06 tons of particulate matter and particulate matter less than 10 microns in diameter (PM/PM₁₀) per year. Best available technology (BAT) for the proposed sources is good engineering practice, good combustion practices, and proper operation and maintenance. The authorization is subject to State regulations including limitations on visible fugitive & malodors emissions. Plan Approval has been conditioned to ensure compliance with all applicable rules including work practice, maintenance, monitoring, recordkeeping, and reporting conditions. Once compliance with the Plan Approval is demonstrated, the applicant will subsequently apply for a State Only Operating Permit in accordance with Pa. Code Title 25 Subchapter F.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Alexander Sandy, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Each written comment must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed Plan Approval (PA-65-00629).

Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

All comments must be received prior to the close of business 30 days after the date of this publication.

This construction will result in emissions of ~ 0.65 tpy PM and ~ 0.4 tpy PM₁₀ & PM_{2.5}. This Plan Approval will contain conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate BAT for the source including, but are not limited to, the following:

- No person may permit the emission into the outdoor atmosphere of filterable particulate matter in a manner that the concentration of particulate matter (both filterable & condensable) in the effluent gas exceeds 0.02 grain per dry standard cubic foot.
- The facility shall perform a stack test, shall monitor the control device, and shall maintain adequate records to show compliance.

In accordance with 25 PA Code § 127.44(e)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP (814) 332-6340.

In accordance with 25 PA Code § 127.44(e)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. 44-05001: Standard Steel, LLC (500 North Walnut Street, Burnham, PA 17009) for operation of a steel foundry manufacturing railroad wheels and axles in Burnham Borough, **Mifflin County**.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the abovementioned facility. This is a renewal of their Title V Operating permit issued in November 2005.

The subject facility had actual emissions in 2010 of approximately 247 tons of CO, 57 tons of NO_x, 35 tons of PM₁₀, 21 tons of PM_{2.5}, 8 tons of SO_x, 17 tons of VOC, and 2 tons of HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping, and reporting requirements to ensure the facility complies with the applicable air quality regulations.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

Daniel C. Husted, P.E., West Permitting Section Chief may be contacted at (717) 705-4863, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of suffi-

cient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated

with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*	greater than 6.0; less than 9.0		
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*	greater than 6.0; less than 9.0		
pH*			

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding

the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal NPDES Draft Permits

California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100

NPDES No. PA0213527 (Mining Permit No. 30841317), Consol Pennsylvania Coal Company, LLC, (PO Box J, 1525 Pleasant Grove Road, Claysville, PA 15234). A revision to the NPDES and mining activity permit for Enlow Fork Mine in East Finley Township, **Washington County** and Richhill Township, **Greene County** to construct Phase 2 of an overland conveyor to transport coal from the Oak Spring Slope to the Bailey Mine Complex Preparation Plant. Three NPDES discharge points will be added. Surface Acres Affected 361.9. Receiving streams: Unnamed Tributary to Rocky Run, classified for the following use: TSF, Unnamed Tributary to Enlow Fork, classified for the following use: WWF, and Enlow Fork, classified for the following use: TSF. TMDL NA. Application received March 31, 2010.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for coal mining activities.

The proposed average daily discharge rate for Outfall 031 is 0.918 MGD (Instantaneous maximum)

Outfall 031 discharges to: Unnamed Tributary 32714B to Rocky Run

The proposed effluent limits for Outfall 031 Lat: 39° 59' 52" Long: 80° 24' 53" are:

<i>Parameter</i>	<i>Minimum</i>	<i>30-Day Average</i>	<i>Daily maximum</i>	<i>Instant. Maximum</i>

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

NPDES No. PA0249807 (Mining permit no. 56050106), Marquise Mining Corporation, P. O. Box 338, Blairsville, PA 15717, renewal of an NPDES permit for surface coal mining operation in Shade Township, **Somerset County**, affecting 122.5 acres. Receiving stream(s): unnamed tributaries to Dixie Run and Dixie Run, classified for the following use(s): cold water fishery. This receiving stream is included in the Kiskiminetas-Conemaugh TMDL. Application received: April 4, 2011. Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for coal mining activities.

The outfall(s) listed below discharge to unnamed tributaries to Dixie Run and Dixie Run:

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>
001—Treatment Pond 1	No
002—Treatment Pond 2	
003—Treatment Pond 3	

The proposed effluent limits for the above listed outfall(s) are as follows:

<i>Outfalls: Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>
Iron (mg/l)	1.5	3.0	3.5
Manganese (mg/l)	1.0	2.0	2.5
Aluminum (mg/l)	0.75	1.5	1.9
Total Suspended Solids (mg/l)	35.0	70.0	90.0

pH (S.U.): Must be between 6.0 and 9.0 standard units at all times

Alkalinity must exceed acidity at all times

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>
004—Sedimentation Pond 1	No
005—Sedimentation Pond 2	
006—Sedimentation Pond 3	

The proposed effluent limits for the above listed outfall(s) are as follows:

<i>Outfalls: Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>
Iron (mg/l)	1.5	3.0	3.5
Manganese (mg/l)	1.0	2.0	2.5

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments,

suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Watershed Management Program Manager, 2 East Main Street, Norristown, PA 19401

E51-248. Conergy Projects, Inc., 101 Lindenwood Drive, Malvern, PA 19355, City and County of **Philadelphia**, ACOE Philadelphia District.

To place and maintain approximately 2500 cubic yards of clean fill in and along the 100-year flood plain of the Schuylkill and Delaware rivers, for the purpose of construction of a Solar Photovoltaic facility.

The site is located in the former U.S. Navy incinerator and ash disposal site, near the intersection of Langley Avenue and Basin Bridge Road, Philadelphia, PA USGS map N: 9.6 inches; W: 5.2 inches.

To construct, operate and maintain 13.5 miles of 30" natural gas pipeline within the North and West Branch of the Susquehanna River watersheds (Warm Water Fishery). Construction of the pipeline loop will require thirty-four (34) waterbody crossings. The project is centered approximately 4 miles northeast of the Village of Wyalusing in Bradford County.

E57-121. Central New York Oil & Gas Company, LLC, 800 Robison Road, Owego, NY, 13827-6801. Water Obstruction and Encroachment Joint Application, MARC-I Hub Line, in Cherry, Davidson & Laporte Townships, **Sullivan County**, ACOE Baltimore District (Colley, PA Quadrangle N: 41° 33' 2"; W: 76° 21' 11").

To construct, operate and maintain 22.5 miles of 30" natural gas pipeline within the North and West Branch of the Susquehanna River watersheds (Warm Water Fishery). Construction of the pipeline loop will require ninety-five (95) waterbody crossings. The project is centered approximately 3 miles north of the Village of Dushore in Sullivan County.

Northcentral Region: Oil and Gas Management Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701

E5729-014: Chesapeake Appalachia, LLC, 101 N. Main Street, Athens, PA 18810, Elkland Township, **Sullivan County**, ACOE Baltimore District.

To construct, operate, and maintain:

(1) two 16.0 inch diameter temporary water lines and a 20 foot wide equipment mat impacting 2561 square feet of palustrine forested (PFO) wetland adjacent to Elk Creek (EV) (Shunk Quadrangle 41°33'37"N 76°40'41"W),

(2) two 16.0 inch diameter temporary water lines and a 20 foot wide equipment mat across Elk Creek (EV) impacting 26 linear feet (Shunk Quadrangle 41°33'37"N 76°40'40"W),

(3) two 16.0 inch diameter temporary water lines and a 12 foot wide equipment mat impacting 963 square feet of palustrine emergent (PEM) wetland (Shunk Quadrangle 41°33'39"N 76°40'37"W),

(4) two 16.0 inch diameter temporary water lines and a 20 foot wide equipment mat across an unnamed tributary to Elk Creek (EV) impacting 52 linear feet (Shunk Quadrangle 41°33'38"N 76°40'21"W),

(5) two 16.0 inch diameter temporary water lines and a 20 foot wide equipment mat impacting 6342 square feet of a palustrine forested (PFO) wetland (Shunk Quadrangle 41°33'40"N 76°40'13"W),

(6) two 16.0 inch diameter temporary water lines over an existing culvert in an unnamed tributary to Lake Run (EV) impacting 3 linear feet adjacent to Lake Road (Shunk Quadrangle 41°33'49"N 76°40'00"W),

(7) two 16.0 inch diameter temporary water lines over an existing culvert in an unnamed tributary to Lake Run (EV) impacting 2 linear feet adjacent to Lake Road (Shunk Quadrangle 41°33'52"N 76°40'02"W),

(8) two 16.0 inch diameter temporary water lines over an existing culvert in an unnamed tributary to Lake Run (EV) impacting 3 linear feet adjacent to the intersection of Lake Road and North Street (Shunk Quadrangle 41°33'54"N 76°40'03"W),

(9) two 16.0 inch diameter temporary water lines over an existing culvert in Lake Run (EV) impacting 6 linear feet adjacent to North Street (Shunk Quadrangle 41°33'54"N 76°40'03"W),

(10) two 16.0 inch diameter temporary water lines and a 20 foot wide equipment mat impacting 1194 square feet of palustrine emergent (PEM) wetland (Shunk Quadrangle 41°33'52"N 76°39'58"W),

(11) two 16.0 inch diameter temporary water lines and a 20 foot wide equipment mat across an unnamed tributary to Lake Run (EV) impacting 4 linear feet (Shunk Quadrangle 41°33'49"N 76°39'47"W).

The project will result in 96 linear feet of temporary stream impacts and 11060 square feet of temporary wetland impacts from water lines and temporary mat crossings. These crossings will accumulate a total of 0.04 acres of watercourse impacts and 0.25 acres of wetland impacts all for the purpose of installing temporary water lines with associated access roadways for Marcellus well development.

E5929-020: SWEPI LP, 190 Thorn Hill Road, Warrendale, PA 15086, Rutland Township, **Tioga County**, ACOE Baltimore District.

To construct and maintain:

1) a temporary road crossing using 20 foot long, 18 inch diameter corrugated metal pipe, a 24 inch diameter and an 8 inch diameter natural gas gathering line, a 10 inch diameter and a 6 inch diameter fresh water line, and a fiber optic cable impacting 29 linear feet of an unnamed tributary to Mill Creek (TSF, MF) (Roseville, PA Quadrangle 41°51'46"N 76°59'16"W);

2) a temporary road crossing using 20 foot long, 18 inch diameter corrugated metal pipe, a 24 inch diameter and an 8 inch diameter natural gas gathering line, a 10 inch diameter and a 6 inch diameter fresh water line, and

ACTIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective

permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

STATE CONSERVATION COMMISSION

NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704 to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is

not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Zerbe Township	800 Mahanoy Trevorton, PA 17881	Northumberland

Plan Description:

The plan proposes to replace the existing 360,000 GPD sewage treatment plant with a new 500,000 CSBR sewage treatment plant and spend \$20,000 each year to reduce the infiltration and inflow in the system. The Department's review of the Sewage Facilities Update Revision has not identified any significant negative environmental impacts resulting from this proposal.

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Notice of Proposed Interim Response Jacksonville TCE HSCA Site Northampton Township, Bucks County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act, Act of October 18, 1988, P. L. 756, No. 108, 35 P. S. §§ 6020.101—6020.1305 ("HSCA"), is proposing a response action at the Jacksonville TCE HSCA Site (Site) in Northampton Township, Bucks County, Pennsylvania.

The Department, under the authority of HSCA, has been conducting an environmental investigation of the Site. This investigation includes the sampling of private drinking water supply wells located along portions of Jacksonville Road, North Traymore Avenue, and South Traymore Avenue. Sampling revealed levels of Tetrachloroethene (PCE), Trichloroethene (TCE), and/or 1,1-Dichloroethene exceeding Safe Drinking Water Maximum Contaminant Levels.

To address the release and threat of release of hazardous substances at the Site, and corresponding threats to human health and the environment, the Department proposes to implement a response action at the Site under Sections 501(a) of HSCA, 35 P. S. § 6020.501(a). The Department hereby proposes the installation of a water-line, including water mains and lateral connections to the public water supply. This proposed alternative complies with Applicable, Relevant and Appropriate Requirements (ARARs) and is feasible and cost-effective. Other possible alternatives include no action or the installation and continued monitoring and maintenance of whole-house carbon filtration units and/or supplying bottled water.

An Administrative Record, which contains more detailed information concerning this proposed response action, is available for public inspection. The Administrative Record may be examined from 8 a.m. until 4 p.m. at the Department's office at 2 East Main Street, Norristown PA 19401. Those interested in examining the Administrative Record should contact Bonnie McClennen at (484) 250-5965 to arrange for an appointment. Additional copies of the Administrative Record are available for review at the Northampton Township Administration Building.

Pursuant to Section 506(d) of HSCA, 35 P. S. § 6020.506(d), the Department shall conduct a public hearing on August 25, 2011 at 7 p.m. at the Northampton Township Administration Building, 55 Township Road, Richboro, PA. Anyone who would like to present formal oral comments regarding this proposed response may do so by calling DEP Community Relations Coordinator Lynda Rebarchak, at (484) 250-5820 to register.

Any person with a disability who wishes to attend the public hearing and will require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Lynda Rebarchak at the telephone number listed above or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs. The public may also submit written comments regarding the Department's proposed Interim Response action during the period of public comment. In accordance with Section 506(c) of HSCA, 35 P. S. § 6020.506(c), the Department has established a period for public comment that is now open until close of business October 21, 2011. Written comments should be addressed to Bonnie McClennen, Project Officer, Pennsylvania Department of Environmental Protection, 2 East Main Street, Norristown, PA 19401.

Anyone with questions regarding this notice should contact Bonnie McClennen at (484) 250-5965.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of

receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which dem-

onstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

SPECIAL NOTICES

Abandoned Mine Land Reclamation

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200

R. H. Dotts Contracting, LLC, GFCC No. 17-09-05, Machipongo Operation, Woodward Township, **Clearfield County** (Unnamed Tributary to Goss Run to Beaver Run to Moshannon Creek -Upper West Branch Watershed): A no-cost construction contract has been awarded to R. H. Dotts Contracting, LLC that will result in the reclamation of approximately 3.2 acres of abandoned mine land with extensive deep mine subsidence and the recovery of approximately 3,250 tons of remaining coal reserves. The site will be reclaimed and regraded to approximate original contour. Alkaline addition will be added to the mining area as a Best Management Practice (BMP) at a rate of 50 tons per acre. A total of at least 160 tons of alkaline material will be placed on the site. The estimated value of the reclamation work is \$35,000 which will be done at no cost to the Commonwealth. The site is located just northwest of the Borough of Brisbin on lands formerly mined and subsequently abandoned by Ben Vogle in the early 1960s. Blasting and refuse reprocessing are prohibited at the site.

Request for Comments on the Proposed Total Maximum Daily Loads (TMDLs) Developed for the Armstrong Creek Watershed in Dauphin County

The Department of Environmental Protection will accept comments on the proposed TMDLs developed for the Armstrong Creek Watershed in Dauphin County, PA. These TMDLs were established in accordance with the requirements of Section 303(d) of the Clean Water Act. The Pennsylvania Integrated Water Quality Monitoring and Assessment Report included impaired stream segments in this watershed. The listings of these waterbodies were due to use impairments caused by excessive siltation from agriculture.

There currently are no state or federal instream numerical water quality criteria for siltation. Therefore, the Department utilized a reference watershed approach to implement the applicable narrative criteria. These proposed TMDLs set allowable loadings of sediment in the Armstrong Creek Watershed. The sediment loadings were allocated among cropland, hay/pasture land, transitional land and stream bank categories present in the watershed. Data used in establishing these TMDLs was generated using a water quality analysis model (AVGWLF) designed by the Pennsylvania State University.

The following table shows the estimated current sediment loadings for the watershed. Overall load reductions necessary in order to meet the TMDLs are also identified.

Summary of TMDL Based Load Reductions in the Armstrong Creek Watershed

POLLUTANT	EXISTING LOAD (lbs./yr.)	EXISTING LOAD (lbs./day)	TMDL (lbs./yr.)	TMDL (lbs./day)	PERCENT REDUCTION
Sediment	4,782,188	13,102	4,234,866	11,602	11%

The data and all supporting documentation used to develop the proposed TMDLs are available from the Department. The proposed TMDLs and information on the TMDL program can be viewed on the Department's website (www.dep.state.pa.us/watermanagement_apps/tmdl/). To request a copy of any of the proposed TMDLs contact:

Gary M. Goczek, Water Program Specialist
Watershed Protection Division, Central Office
Pennsylvania Department of Environmental Protection
Rachel Carson State Office Building
Harrisburg, PA 17105
Phone: 717-772-1674, e-mail: ggocek@state.pa.us

The Department will consider all comments in developing the final TMDLs, which will be submitted to EPA for approval. Written comments will be accepted at the above address and must be postmarked by 45 days after publication in the *PA Bulletin*. A public meeting to discuss the technical merits of the TMDLs will be held upon request.

Clean Air Interstate Rule; Final 2011 Allocation of Remaining 2010 Vintage Nitrogen Oxides Allowances Set Aside to Offset Sulfur Dioxide Emissions from Qualifying Units

In accordance with 25 Pa. Code § 145.212(f)(2) and (5) (relating to CAIR NO_x allowance allocations), the Department of Environmental Protection (Department) is providing notice of the final issuance of the remaining 2010 vintage Clean Air Interstate Rule (CAIR) nitrogen oxides (NO_x) allowances set aside for the owners or operators of qualifying fossil fuel-fired units that did not receive any sulfur dioxide (SO₂) allowances under the United States Environmental Protection Agency's (EPA) Acid Rain Program.

Notice of a 30-day public comment period on the proposed limits was published at 41 Pa.B. 2660 (May 21, 2011). The public comment period offered the public an opportunity to review the information and data to ensure the information was correct. No comments were received.

The Commonwealth's CAIR NO_x Annual Trading Program budget contained 99,049 CAIR NO_x allowances for 2010, of which 97,761 were allocated to CAIR units at 40 Pa.B. 297 (January 9, 2010). The remaining 1,288 CAIR NO_x allowances, 1.3% of the CAIR NO_x Annual Trading Program budget, were set aside for certain Independent Power Producers (IPP) that were exempted from many of the provisions of the Federal Acid Rain Program but were not exempted from the CAIR requirements. The additional CAIR NO_x allowances will help offset the cost of complying with the SO₂ emission trading requirements of the CAIR rule. The Department received two requests for allocations of CAIR NO_x allowances by a January 31, 2011, regulatory deadline, and finalized those 555 NO_x allowance allocations at 41 Pa.B. 1580 (March 19, 2011) leaving 733 CAIR NO_x allowances.

In accordance with 25 Pa. Code § 145.212(f)(5), the Department has considered written requests from the owners/operators of qualifying IPPs, received after January 31, 2011, for these remaining 733 vintage 2010 CAIR NO_x allowances. On a prorated basis, the Department is allocating these allowances on a ratio of one CAIR NO_x allowance to every 8 tons of SO₂ emitted by the unit in 2010, minus any excess CAIR NO_x allowances already allocated to the unit for the 2010 control period that were not used to cover NO_x emissions for the 2010 control period. The result is the allocation of an additional 535 CAIR NO_x allowances.

The following table identifies the facilities from which the Department received requests after January 31, 2011, and to whom additional CAIR NO_x allowances were granted. The table lists the Facility name, ORIS number

and Unit identification number, if applicable, and number of CAIR NO_x allowances allocated.

<i>Facility name</i>	<i>ORIS #</i>	<i>Unit ID</i>	<i># of NO_x allowances</i>
Ebensburg Power Company	10603		90
Piney Creek Power Plant	54144		180
Scrubgrass Generating Plant	50974	Unit 1	119
		Unit 2	117
Wheelabrator-Frackville	50879		29

On June 21, 2011, the EPA was notified to make the final allocation.

Action at the Federal or State level could affect the allocated NO_x allowances. CAIR NO_x allowances do not constitute property rights.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Questions concerning this notice should be directed to Randy Bordner, Chief, Stationary Source Section, Bureau of Air Quality at (717) 772-3921. TDD users may contact the Pennsylvania AT&T Relay Service at (800) 654-5984 to discuss how the Department can best accommodate their needs.

Pennsylvania Phase 2 Chesapeake Bay Watershed Implementation Plan Summit

The Department of Environmental Protection (Department) provides notice of the upcoming Pennsylvania

Phase 2 Chesapeake Bay Watershed Implementation Plan Summit (Summit). This Summit marks the beginning of the development of Pennsylvania's Phase 2 Chesapeake Bay Watershed Implementation Plan (WIP).

Pennsylvania's Phase 1 Chesapeake Bay WIP outlined the State's plan to address nutrient and sediment loadings that drain to the Chesapeake Bay. The Phase 1 WIP was prepared following the United States Environmental Protection Agency's (EPA) November 4, 2009, guidance that outlined their expectations for WIPs, and was revised based on public comments, workgroup input and comments received from the EPA. Pennsylvania's Phase 1 Chesapeake Bay WIP was prepared to address the EPA's expectations for the Chesapeake Bay Total Maximum Daily Load (TMDL) that was published on December 29, 2010.

The EPA is expected to announce on August 1, 2011, revised nutrient and sediment allocations for the Chesapeake Bay TMDL. The allocations are the result of the EPA's development of a revised Watershed Model. Using the revised allocations, the EPA expects the states to develop a Phase 2 Chesapeake Bay WIP which will further subdivide the loads by local area (county). The EPA has established a December 1, 2011, deadline for submission of the Draft Phase 2 Chesapeake Bay WIP, and a March 30, 2012, deadline for the final plan. The EPA expects the Phase 2 Chesapeake Bay WIP to contain greater detail about the first stage of implementation, which will last from when the EPA established the Chesapeake Bay TMDL in December 2010 until 2017.

The Summit is scheduled to be held on August 3, 2011, from 1 p.m. to 4 p.m. at the Keystone Conference Center, Farm Show Complex & Expo Center, 2300 N. Cameron Street, Harrisburg, PA 17110.

For those individuals who cannot attend in person, the Penn State Cooperative Extension will host a broadcast of the Summit through a webinar at <https://meeting.psu.edu/agenpartnership>. To attend by means of webinar follow these guidelines:

- Use a computer with high speed Internet access (not dial up). For persons who do not have access to high speed Internet at home or office, consider visiting the local library or contact the county's Conservation District Office or Extension Office.

- Obtain a Friends of Penn State (FPS) account. Interested persons can sign up for an FPS account by going to <https://breeze.psu.edu/AgEnvPartnership>. At this location, individuals will be directed to a site to register for the free FPS account. Record the user name and password as it will be required for each entry to the webinar location.

- A few minutes prior to the start time on August 3, 2011, go to <http://breeze.psu.edu/AgEnvPartnership> and type in the user ID and password. This will lead to the meeting "web" location. To ensure that audio is working, go to the "Meeting" tab at the top left and choose "Manage My Settings." Then choose "Audio Setup Wizard" and test the sound input by clicking on "Test."

- There is no need to have a microphone for this session. Individuals who have questions can type them into the chat box and the program moderator will ensure that the speakers receive them.

This webinar will be recorded and following the Summit can be accessed by going to <http://extension.psu.edu/aec>.

For further information contact Karen Price, Water Planning Office, P. O. Box 2063, Harrisburg, PA 17105-

2063, (717) 772-4785, kprice@state.pa.us or visit the Department's web site at www.depweb.state.pa.us (DEP Keywords: "Chesapeake Bay").

DEPARTMENT OF HEALTH

Application of Comprehensive Pain Centers for Exception

Under 28 Pa. Code § 51.33 (relating to requests for exceptions), the Department of Health (Department) gives notice that Comprehensive Pain Centers has requested an exception to the requirements of 28 Pa. Code § 153.1 (relating to minimum standards), which requires compliance with minimum standards contained in the following publication: *Guidelines for Design and Construction of Hospitals and Healthcare Facilities*. The facility specifically requests exception from the following standards contained in this publication: 3.7-3.4.1.2 (relating to stretchers in class B facilities) and 3.7-3.4.2.1(1) (relating to phase II recovery).

This request is on file with the Department. INSURANCE DEPARTMENT

First Priority Life Insurance Company—BlueCare PPO Individual Conversion; Rate Filing

By filing No. 1653-FP-CONV-RATE-1/1/2012 First Priority Life Insurance Company (FPLIC) requested approval to change the current deductible options for the BlueCare PPO Individual Conversion Plan. FPLIC currently offers deductible options of \$100, \$500 and \$1,000. The filing proposes deductible options of \$1,200, \$2,500, \$3,500, \$5,000 and \$7,500 along with an increase in the ER copay of \$250. The rating impact of the benefit changes will vary with the deductible option chosen by the member from -43.4% to 20.1%.

The proposed changes would affect approximately 306 members. The requested effective date of the change is January 1, 2012.

Unless formal administrative action is taken prior to October 6, 2011, the subject filing may be deemed approved by operation of law.

A copy of the filing is available on the Insurance Department's (Department) web site at www.insurance.pa.gov. To access the filing, under "How to Find..." click on "View Current Rate Filings."

Copies of the filing are also available for public inspection, by appointment, during normal working hours at the Department's Harrisburg Office.

Interested parties are invited to submit written or e-mail comments, suggestions or objections to Rashmi Mathur, Insurance Department, Insurance Product Regulation and Administration, 1311 Strawberry Square, Harrisburg, PA 17120, rmathur@state.pa.us within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Pennsylvania 2010 Private Passenger Automobile Data Call (Act 6 Data Call)

Each year, the Insurance Department (Department) conducts routine "Data Calls" to companies licensed to write motor vehicle insurance in this Commonwealth. Data Calls are used to monitor the auto insurance marketplace and to collect data for statutory reports. On July 15, 2011, the Department sent notification of Data Calls to be completed by companies who are licensed to write private passenger automobile insurance in this Commonwealth. The 2010 Data Call letter, instructions and data formats are available on the Department's web site at www.insurance.pa.gov.

Companies with Pennsylvania private passenger automobile direct written premium in 2010 are required to complete Parts 1 and 2. Data for more than one insurance company may not be combined into a single submission. This information is to be submitted to the Department no later than October 15, 2011.

Insurance companies with no Pennsylvania private passenger automobile direct written premium in 2010 are

required to submit only Part 2. This is to be submitted to the Department no later than October 15, 2011.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68) (Act 68) in connection with the termination of the insured's automobile insurance policy. The hearing will be held in accordance with the requirements of Act 68; 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). The administrative hearing will be held in the Insurance Department's regional office in Harrisburg, PA. Failure by an appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The following hearing will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102.

Appeal of Aneesah Mahasin-Beyah; file no. 11-188-104006; Geico Indemnity Company; Doc. No. P11-07-002; August 18, 2011, 9:30 a.m.

Parties may appear with or without counsel and offer relevant testimony or other relevant evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the previously-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Donna R. Fleischauer, Human Resources Director, (717) 705-4194.

MILK MARKETING BOARD

Hearing and Presubmission Schedule; Milk Marketing Area No. 5

Under the Milk Marketing Law (31 P.S. §§ 700j-101—700j-1302), the Milk Marketing Board (Board) will conduct a public hearing for Milk Marketing Area No. 5 on September 7, 2011, at 10 a.m. in Room 202 of the Agriculture Building, 2301 North Cameron Street, Harrisburg, PA.

The purpose of the hearing is to receive testimony and exhibits concerning cost replacement in Milk Marketing Area No. 5. Evidence will be limited to the following: annualized processing, packaging and delivery costs; updated costs for containers, ingredients and Class II products; updated labor, utility and insurance costs based on comparisons between costs per point for the second quarters of calendar years 2010 and 2011; skim and butterfat contents of products regulated by the Board; adjustment for shrinkage, sales of bulk products and cream processing costs; monthly adjustments to in-store handling costs; and a reasonable rate of return to milk dealers and stores. In accordance with OGO A-937, evidence and testimony will be considered regarding the heating fuel adjuster in Area 5. In accordance with OGO A-939, evidence and testimony will be considered regarding the diesel fuel cost adjuster in Area 5.

The staff of the Board is deemed to be a party to this hearing, and the attorney representing staff is deemed to have entered his appearance. Other persons who wish to present evidence may be included on the Board's list of parties by: (1) having their attorney file with the Board on or before 4 p.m. on August 5, 2011, a notice of appearance substantially in the form prescribed by 1 Pa. Code § 31.25 (relating to form of notice of appearance); or (2) if unrepresented by counsel, filing with the Board on or before 4 p.m. on August 5, 2011, notification of their desire to be included as a party. Parties should indicate in their notices of appearance if alternate means of service, that is, e-mail or fax, are acceptable. Notices of appearance filed electronically should be directed to deberly@pa.gov.

The parties shall observe the following requirements for advance filing of witness information and exhibits:

1. By 4 p.m. on August 10, 2011, Board staff shall file with the Board, in person or by mail, one original and four single-sided copies and ensure receipt by all other parties of one copy of:

a. A list of witnesses who will testify for the party, along with a statement of the subjects concerning which each witness will testify. A witness who will be offered as

an expert shall be so identified, along with the witness's area or areas of proposed expertise. For expert witnesses there shall also be filed a statement of the substance of the facts and opinions to which the expert is expected to testify and a summary of the grounds for each opinion.

b. Each exhibit to be presented, including testimony to be offered in written form.

2. By 4 p.m. on August 24, 2011, each responding party shall file and serve as set forth in paragraph 1 information concerning rebuttal witnesses and copies of rebuttal exhibits.

3. By 4 p.m. on August 31, 2011, each party shall file and serve as set forth in paragraph 1 information concerning surrebuttal witnesses and copies of surrebuttal exhibits.

Parties that wish to offer in evidence documents on file with the Board, public documents or records in other proceedings before the Board or who wish the Board to take official notice of facts, shall comply with, respectively, 1 Pa. Code § 35.164, § 35.165, § 35.167 or § 35.173. Whenever these rules require production of a document as an exhibit, copies shall be provided to each Board member and to all other parties; in addition, at least 20 copies shall be available for distribution to nonparties attending the hearing.

Requests by parties for Board staff to provide data pertinent to the hearing shall be made in writing and received in the Board office by 11 a.m. on August 25, 2011.

The filing address for the Board is Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Formal protests and petitions to intervene must be filed in accordance with 52 Pa. Code (relating to public utilities). A protest shall indicate whether it applies to the temporary authority application, the permanent authority application, or both. Filings must be made with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265, with a copy served on the applicant by August 8, 2011. Documents filed in support of the applications are available for inspection and copying at the Office of the Secretary between 8 a.m. and 4:30 p.m., Monday through Friday, and at the business address of the respective applicant.

Application of the following for approval to *begin operating as common carriers for transportation of persons as described under the application.*

A-2011-2240903. (Corrected) Osman I. Bahar, t/a Tayba Medical Transportation (1534-B. Gregg Street, Philadelphia, PA 19115)—in paratransit service, between points in the City and County of Philadelphia.

*Pennsylvania Public Utility Commission, Bureau of
Transportation and Safety v. Michael R. Barnett;
Doc. No. C-2011-2235754; A-00122677*

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other Bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Michael R. Barnett, Respondent, maintains his principal place of business at 227 Quaking Aspen Lane, Marietta, PA 17547.

2. That Respondent was issued a Certificate of Public Convenience by this Commission on September 8, 2006 at A-00122677.

3. That on August 29, 2008, Respondent received an initial assessment of \$88.00. On September 9, 2009, Respondent received an initial assessment of \$93.00 and on August 25, 2010, Respondent received an initial

assessment of \$149.00. Respondent failed to pay these assessments; therefore, a balance is due in the amount of \$330.00.

4. That Respondent has an outstanding assessment of \$330.00.

5. That Respondent failed to file objections to the assessment, pursuant to 66 Pa.C.S. § 510(c).

6. That Respondent, by failing to pay the assessments, violated the Public Utility Code at 66 Pa.C.S. § 510(c).

Wherefore, unless Respondent pays the overdue assessment in full within twenty days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission issue an Order which cancels the Certificate of Public Convenience issued to Respondent, notifies the Pennsylvania Department of Revenue that Respondent's Certificate of Public Convenience has been revoked, notifies Respondent's insurance carrier that Respondent's Certificate of Public Convenience has been revoked, and imposes an additional fine on the Respondent.

Respectfully submitted,

Michael E. Hoffman, Director
Bureau of Transportation and Safety

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other Bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That SSL Trucking, Inc., Respondent, maintains its principal place of business at P. O. Box 176, Glassport, PA 15045.
2. That Respondent was issued a Certificate of Public Convenience by this Commission on June 19, 2002 at A-00118947.
3. That on September 9, 2009, Respondent received an initial assessment of \$5,599.00. Respondent failed to pay this assessment; therefore, a balance is due in the amount of \$5,599.00.
4. That Respondent has an outstanding assessment of \$5,599.00.
5. That Respondent failed to file objections to the assessment, pursuant to 66 Pa.C.S. § 510(c).
6. That Respondent, by failing to pay the assessments, violated the Public Utility Code at 66 Pa.C.S. § 510(c).

Wherefore, unless Respondent pays the overdue assessment in full within twenty days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission issue an Order which cancels the Certificate of Public Convenience issued to Respondent, notifies the Pennsylvania Department of Revenue that Respondent's Certificate of Public Convenience has been revoked, notifies Respondent's insurance carrier that Respondent's Certificate of Public Convenience has been revoked, and imposes an additional fine on the Respondent.

Respectfully submitted,

Michael E. Hoffman, Director
 Bureau of Transportation and Safety

 Harrisburg, PA 17105-3265

VERIFICATION

I, Michael E. Hoffman, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect to be able to prove the same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

A. You must file an Answer within twenty days of the date of service of this Complaint. The date of service is the mailing date as indicated at the top of the Secretarial Cover Letter for this Complaint and Notice, 52 Pa. Code § 1.56(a). The Answer shall raise all factual and legal arguments that you wish to claim in your defense and must include the reference number of this Complaint. Your Answer must be verified and the original and three copies sent to:

Rosemary Chiavetta, Secretary
 Pennsylvania Public Utility Commission
 P. O. Box 3265
 Harrisburg, PA 17105-3265

B. If you fail to answer this Complaint within twenty days, the Bureau of Transportation and Safety will request that the Commission issue an Order imposing a penalty. Pursuant to 66 Pa.C.S. § 3301(a), the penalty could include a fine of up to \$1,000 for each violation, the revocation of your Certificate of Public Convenience, or any other remedy as may be appropriate.

C. You may elect not to contest this Complaint by paying your outstanding assessment within twenty (20) days. Your certified check or money order for the assessment should be payable to the Commonwealth of Pennsylvania and should be forwarded to:

Bureau of Administrative Services
 Pennsylvania Public Utility Commission
 P. O. Box 3265
 Harrisburg, PA 17105-3265

D. If you file an Answer which either admits or fails to deny the allegations of the Complaint, the Bureau of Transportation and Safety will request the Commission to issue an Order imposing a penalty (see Paragraph B). Should the Commission cancel your Certificate of Public Convenience, it may also impose an additional fine of up to \$1,000.

E. If you file an Answer which contests the Complaint, the matter will be assigned to an administrative law judge for hearing and decision. The judge is not bound by the penalty set forth in Paragraph B.

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings, which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Stephanie Cab Co., Respondent, maintains a principal place of business at 100 Spring Street, Philadelphia, PA 19123.

2. That Respondent was issued a Certificate of Public Convenience by this Commission on January 18, 2002, at A-00118480.

3. That Respondent was advised by letter dated May 10, 2005, that its medallion authority was being transferred to the Philadelphia Parking Authority. At that time, Respondent was advised that its taxicab service which had an origin and destination outside of the City of Philadelphia remained subject to the regulatory oversight of the PA PUC.

4. That Respondent was advised by letter dated September 11, 2009, that it failed to file a valid tariff with this Commission as required by 52 Pa. Code § 23.11. Respondent was provided 60 days to file an acceptable tariff. To date, Respondent has not filed an acceptable tariff. The Bureau of Transportation and Safety's Motor Carrier Services and Enforcement Prosecutory Staff's proposed civil penalty for this violation is \$250.00.

Wherefore, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission fine Stephanie Cab Co., the sum of two hundred and fifty dollars (\$250.00) for the illegal activity described in the complaint and order such other remedy as the Commission may deem to be appropriate.

Respectfully submitted,

Smart Meter Procurement and Installation;
Doc. No. M-2009-2092655

Tentative Order

By the Commission:

The Pennsylvania General Assembly (General Assembly) has directed that electric distribution companies (EDCs) with more than 100,000 customers file smart meter technology procurement and installation plans with the Commission for approval. 66 Pa.C.S. § 2807(f). Act 129 of 2008 (Act 129) requires these EDCs to make available to third parties, including electric generation suppliers (EGSs) and providers of conservation and load management services, with customer consent, direct access to the meter and electronic meter data. 66 Pa.C.S. § 2807(f)(3).

On June 18, 2009, this Commission adopted a Smart Meter Procurement and Installation Implementation Order¹ (Implementation Order) to establish the standards each plan must meet and to provide guidance on the procedures to be followed for submittal, review and approval of all aspects of each smart meter plan. This Implementation Order required covered EDCs to work through the Electronic Data Exchange Working Group (EDEWG) to develop electronic data interchange (EDI) transaction standards to fully achieve the capabilities of smart meter technology.²

On December 7, 2009, EDEWG submitted a Preliminary Proposal for the Development of Smart Meter Data Exchange Standards (Preliminary Proposal). We have reviewed the Preliminary Proposal and through this Tentative Order propose further direction and clarification about the role of EDEWG and covered EDCs in the development of statewide smart meter data exchange standards and formats.

Background

The EDCs obligated to deploy smart meter technology under Act 129 include the Duquesne Light Company (Duquesne); Metropolitan Edison Company, Pennsylvania Electric Company, Pennsylvania Power Company, West Penn Power Company (collectively FirstEnergy); PECO Energy Company (PECO); and PPL Electric Utilities Corporation (PPL). All of these EDCs have filed a Smart Meter Technology Procurement and Installation Plan (Smart Meter Plan) with the Commission for approval. All of these EDCs, with the exception of West Penn Power Company, have received Commission approval of their respective Smart Metering Plans.

The Implementation Order required covered EDCs to address, among other things, standards and formats for electronic data communications with customers and customer authorized third parties. Specifically, the Commission noted that these EDCs were required to implement an EDI transaction related to customers enrolled in a real time price or time-of-use rate program, as well as a new historical interval usage transaction, in order to provide

customers and their designated agents with 12 months of interval usage data.³ The Commission directed that the historical usage data transaction must facilitate third-party exchange of historical interval usage data recorded at the meter level.⁴ Furthermore, the Commission noted that an EDI transaction must be developed and implemented to exchange monthly, billing quality interval usage data recorded at the meter level versus the account level.⁵

To meet these and other potential data requirements related to smart meter technology capabilities and access requirements, the Commission directed the EDCs to propose EDI capabilities through the EDEWG for Commission review no later than January 1, 2010.⁶

The Preliminary Proposal was developed by an EDEWG sub-team of EDCs consisting of Duquesne, FirstEnergy, PECO and PPL. The initial draft version of the Preliminary Proposal was published on the EDEWG List Serve for review by the entire EDEWG. The Preliminary Proposal was then reviewed and discussed at the December 3, 2009, EDEWG meeting, after which the Preliminary Proposal was submitted to the Commission on December 7, 2009.

Discussion

The Commission appreciates the time and commitment of resources generously provided by the EDCs and the full membership of the EDEWG for their on-going, dedicated service to the collaborative process for developing standards and formats for electronic communications. The Preliminary Proposal submitted by EDEWG addresses various aspects of meter and data access by customers and their designated third-party representatives. The Proposal recommends data exchange standards for current and new business processes, a timeline for the development of smart meter data exchange standards with a final version to be published on January 31, 2011. To date, the final version of the Smart Meter Data Exchange Standards has not been published as proposed by EDEWG. As this issue continues to be of significant importance to the Commission, we propose and release for comment additional clarification and directives for the development and implementation of standards and formats for smart meters and data access as set forth below.

Data Exchange Standards for Current Business Processes

The Implementation Order required EDCs to convey the following data electronically to customers and their designated agents: (1) real-time and time-of-use prices; (2) historical interval usage; and (3) bill quality interval usage.⁷ The EDEWG Sub-Team in its Preliminary Proposal asserted that the continuation of current EDC business practices is capable of handling these meter data access requirements.⁸ We now propose further clarification of these EDI transactions below.

1. Real-Time and Time-of-Use Prices

The Preliminary Proposal explained that EDC enrollments of customers into real-time and time-of-use pricing programs is not an electronic data interchange ("EDI") function, but that use of the existing 814 Enrollment Request transaction is capable of supporting enrollment of customers into similar pricing programs offered by an EGS. For EDCs that provide Rate Ready billing, the EGS would enroll customers utilizing the appropriate Rate-

Ready rate code. For EDCs that offer Dual Billing and Bill Ready Consolidated Billing, EGS and EDC interactions would function under a scenario where the EGS calculates its own charges and bills the customer directly, or provides a Bill-Ready EDI 810 transaction to the EDC.⁹

The Commission agrees that these current practices of providing Dual Billing and Bill Ready Consolidated Billing should be approved for the enrollment and billing of EGS customers who purchase service under a real-time and time-of-use pricing option for all EDCs. As such, we propose that covered EDCs be required to submit the appropriate EDI change control requests for the appropriate EDI transactions to EDEWG within 30 days of the entry of a Final Order in this proceeding, and effect implementation of these changes on an immediate, high priority basis.

2. Historical Interval Usage

The Preliminary Proposal stated that the existing 867 Historical Interval Usage (HIU) transaction meets the requirement of the Implementation Order, to provide customers and their agents with 12 months of interval usage data at the meter level. The Preliminary Proposal, however, noted that this transaction is currently optional except in the case of PPL, which limits the provision of this data at the account level. Due to the estimated, high volume of 15-minute meter reads over a 12-month period, the Preliminary Proposal recommended that EDEWG explore the use of alternative methods for the provision of HIU data at the meter level.¹⁰

The Commission agrees that the use of the 867 HIU transaction may not be the most economically efficient method for providing historical interval usage data at the meter level. We, therefore, propose that EDEWG explore its options with covered EDCs and to identify an alternate solution that can be implemented by the EDCs within 180 days of the entry of a Final Order in this proceeding.

3. Bill Quality Interval Usage

The Implementation Order required the development and implementation of an EDI transaction for the exchange of monthly bill-quality interval usage data that has been recorded at the meter level.¹¹ The Preliminary Proposal stated that the existing 867 Interval Usage (IU) transaction currently meets this requirement; however, some of the EDCs currently use this transaction to provide interval usage data at the account level. The EDCs agreed to initiate a change to the 867 IU to require meter level data and asked the Commission for sufficient time to modify their systems and to complete the testing process. EDCs requested approval for implementing these at the expiration of their respective smart meter 30-Month grace period.¹²

The Commission agrees with the proposal to the use a modified 867 IU transaction to communicate meter level data. Regarding the schedule for deployment, we propose that EDCs complete system changes and testing of the modified 867 IU no later than 12 months prior to the expiration of the respective 30-Month grace period in their approved smart meter plans. In our view, allowing additional time to complete this task could interfere with the development of advanced metering technologies in the marketplace and will create a disservice to customers who

plan to purchase these technologies in the near future and to those who currently participate in complex pricing programs.

Data Exchange Standards for New Business Processes

The Implementation Order required EDCs and third-parties to participate in EDEWG to develop any new system data capabilities that are recognized as necessary and justifiable by EDCs in their respective smart meter plans. To facilitate the identification of business process alternatives in their smart meter plan filings, EDCs were encouraged to look at smart meter standards-setting activities by national organizations such as the North American Energy Standards Board.¹³

The Preliminary Proposal recommended that an expanded EDEWG Smart Meter Sub-Team (Expanded Sub-Team) be created to address the Implementation Order EDI transaction requirements. The Preliminary Proposal asserted that a symbiotic relationship between EDCs, who would comprise the Sub-Team, and all other interested parties, who would comprise the Expanded Sub-Team, would meet the needs of all stakeholders. The Preliminary Proposal defined "other interested parties" as EGSs, Conservation Service Providers (CSPs) and others. The Preliminary Proposal recommended that the expanded Sub-Team would work in parallel with the EDCs' efforts during their 30-Month grace period. It suggested that while EDCs work through their respective 30-Month grace periods, EDCs would submit proposals to the Expanded Sub-Team for review of proposed changes to their smart meter plans. Concurrently, the Expanded Sub-Team would conduct thorough analyses of proposed new standards and applicable national standards for EDCs to consider.¹⁴

We agree that EDCs, EGS, CSPs and other interested parties should be engaged in the process of identifying and developing new data exchange standards for access to meters and data by customers and their designated third parties. We have concerns that the EGSs, CSPs and other interested parties would be working in tandem, separate and apart from the EDCs, as it may not provide an acceptable result for all involved.

The Implementation Order clearly expanded the scope of EDEWG's focus to include new technology related to smart meter data access by customers and their designated third parties. EDC smart meter plans and comments of the parties to the Commission's Proposed Implementation Order¹⁵ and to the various pleadings filed in the respective EDC smart meter plan cases, recognized that the identification and development of such standards is appropriately addressed by EDEWG and not by any single EDC or group of EDCs.

Therefore, we propose that the identification and development of new standards and formats to support Act 129 smart meter statutory requirements, along with the ongoing maintenance of existing standards and processes for this purpose, be developed by EDEWG and presented to the Commission for review. We further propose that the development and ongoing maintenance of these standards and processes be done in a manner that includes all EDEWG participants, specifically, all EDCs, licensed EGSs, registered CSPs, and all other interested parties.

¹³ See Implementation Order at 25.

¹⁴ Preliminary Proposal at 6 and 7.

¹⁵ These comments were submitted in response to the Commission issued Secretarial Letter dated March 30, 2009, seeking comments on a draft staff proposal and additional questions regarding EDC smart meter procurement and installation.

¹² Preliminary Proposal at 5.

Timeline for Development of Smart Meter Data Exchange Standards

The Preliminary Proposal included a timeline for the development of smart meter data exchange standards that comports with the smart meter 30-month grace period established for covered EDCs in the Implementation Order. The Implementation Order required the development of a timeline to address how and when the Commission may expect implementation of EDI transactions.¹⁶

The Implementation Order also directed that the timeline should identify how and when proposed new EDI and non-EDI standards and formats would be developed and implemented.¹⁷ With this Tentative Order, we clarify our expectations of the EDEWG team that is working on smart meter interaction with customers and their representatives, as follows:

- **Required Functionality**

EDEWG is to review each EDC's current smart meter plan for provision of the following required functionality:

- a) To provide customers with direct access to hourly usage and price information;
- b) To provide support for automatic control of a customer's electricity consumption by the customer, the utility or a customer's agent (at the discretion of the customer); and
- c) To provide direct meter access and electronic access to customer meter data by third parties with customer consent.

- **Standardization Efforts**

EDEWG is to perform the following:

- a) Provide detailed descriptions of any proposed statewide standardized transactions or protocols, if any, for each of the EDCs for providing the required functionality;
- b) Provide estimated system and operational costs, both total and annual, for each utility to provide the required functionality;
- c) Review the ability for a statewide solution to provide the required functionality; and
- d) Review costs for a statewide solution to provide the required functionality for all utilities.

We propose that EDEWG submit to the Commission a report outlining its findings and conclusions within 90 days of the entry of a Final Order in this proceeding.

Finally, we propose that EDEWG incorporate this functionality into its current operational documents, i.e. Implementation Guidelines, Testing and Certification Plans, Revised Plan, Annual Plans, Change Control Request forms and other documentation as deemed necessary by EDEWG, to address the evolving technology related to smart meters and their capabilities on an ongoing basis. Specifically, we propose that such functionality shall include the provision for direct customer access to hourly usage and price information; support for automatic control of the customer's electricity consumption by the customer, the EDC or a customer's designated agent; and direct meter access and electronic access to customer meter data to third parties with customer consent.

Conclusion

With this Tentative Order, the Commission seeks comments on the proposed electronic data interchange capabilities

to be developed and reported by the Electronic Data Exchange Working Group. This Tentative Order and filed comments will be made available to the public on the Commission's Act 129 Information¹⁸ web page. *Therefore,*

It Is Ordered That:

1. This Tentative Order shall be published in the *Pennsylvania Bulletin* and served upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff, all jurisdictional electric distribution companies, all licensed electric generation suppliers, the Electronic Data Exchange Working Group leadership, and all parties who participated in proceedings at Docket Nos.
